2016 40th World Championships Oklahoma City, OK July 15-23 2016

The 2016 World championships was a huge success with over 70 shooters from 4 countries and 513 guns shot during the 8 days of shooting. We had shooters from USA, Australia, Brazil and Paraguay. During the 8 days, Over 40,000 rounds of ammunition was fired!

Jim Fields and the Oklahoma City gun club membership did an excellent job getting the range ready for the Match and the 500 Meter targets were probably some of the best looking targets I have seen in a long time. A Big thank you goes to the Target setters as they performed their job well and they kept the match on schedule.

The regular match shooting was performed on the first 6 days. Shootoffs were held on July 22nd along with the Trophy presentations. After the trophy presentations, the 500 meter shooting started and continued onto July 23rd. This year we also had new team entries for state and regional teams which along with the normal 4 guns included UAS for a 5th gun. The results of these teams are included in the Match results.

During the championships, ShootingUSA was filming for a special on the championships. It is scheduled to be re-aired on the Outdoor Channel, but the date it is scheduled is not known. It is also available on DVD under episode 35-15 named Tactical Police competition. You can purchase the DVD at www.shootingusa.com.

I am going to just skim the Match winners. A full set of category winners can be found on Page 7 of this newsletter. In Big Bore, Joe Cullison of Oregon dominated winning 3-gun, 4-gun and standing aggregates. In Half scale, John Weaver of Texas won the half scale aggregate. In Small bore, Steve Martens of Minnesota won the 3-gun and 4-gun aggregates. John Richards of Minnesota won the standing aggregate. In Fifth Scale, Woody Liddell of Oklahoma won the Fifth Scale aggregate. In Air Pistol, Steve Martens of Minnesota won the 3-gun aggregate with a 211 and John Richards of Minnesota won the standing aggregate with a 127. In Field Pistol, John Richards of Minnesota was the Aggregate champion. Steve Martens of Minnesota won the Iron Man Award shooting a total of 581. Joe Cullison of Oregon won the Bordello with a 41x80. In 500 Meters, Gary Crews of Oklahoma was the open sight champion with a 37x40 while Steve Martens of Minnesota and Dakota Turk of Oklahoma tied in scoped Category with 39x40's.

The 2017 world championships are scheduled again to be held at Oklahoma City gun club, Dates of July 14th to July 22nd 2017. Please mark your calendars and try to attend a great Match!

Also, due to the amount of pictures submitted, I am trying to see if we can host the pictures of all category winners on the IHMSA Website. I will let you know when we are successful.

Membership Reminder.

It is that time of year again! The annual Membership renewal will start on January 1st 2017. A copy of the membership form is at the Back of the newsletter and online at www.ihmsa.org. Please attempt to get your membership renewal sent before the end of February to be included in the annual Mailing of the annual newsletter. Make sure to update your email address as we are working on ways to provide email notifications to members

PRESIDENTS REPORT

As 2016 draws to a close, I look back on an very enjoyable season of shooting steel. We went to a lot of matches and met a lot of shooters. I'd like to thank all the match directors who's effort made those matches possible. Without their dedication to this sport, we would not have places to shoot. One highlight this season was the filming of the World Championships in OKC this July. It has and will air again on Shooting USA (episode 3515) on the outdoor channel. Another highlight was seeing more junior shooters at matches than in prior years. We need to encourage juniors as that is the future of the sport. The new Freedom Arm challenge was very popular this year. If anyone hasn't sent in their scores yet, get them in before the end of the year.

We as an organization are in better financial shape than a year ago. The 2016 World Championships in OKC showed a nice profit. Also going to an annual membership renewal with a lower membership rate has seen us get many members back into the fold. I've talked many past members who have rejoined the sport once again. Is there room for improvement, yes there is. The board is dedicated to improving the newsletter, both the regularly of it and the content. We have new newsletter staff starting next year. Also we are working on a new match program that will work on more computers and will include the new categories. It will have a match writeup feature that will make easier for match directories to get the match results into the newsletter staff in a format that can be easily published.

A reminder this year is that everyone's membership dues are due Jan. 1, 2017. Please get them no later than the end of January so you can be included in the mass mailing of the Annual printed newsletter which includes match dates and locations for 2017. You will receive your membership card and annual printed newsletter in mid March. The more members we can include in the mass mailing saves our organization money and keeps the dues low.

A look forward to 2017 includes the World Championships in OKC. This will be the 41st annual event and it is a great place to shoot. If you never made it to the Oklahoma gun club make your plans now as you'll enjoy the match and the people who host it.

256-352-6195 Fax**

IHMSA Bulletin Board

The Following Rule change was approved during the 2016 meetings. This is a wording change only!

I.H.M.S.A. rule changes for "2016 IHMSA OFFICAL RULES" on page 11

Section VI: Handguns – A. Production 12

- A) Sear engagement surfaces of the hammer and trigger may be smoothed and then rehardened.**
- B) Within the trigger / hammer assembly, springs from any manufacturer may be used to replace original springs, provided they are a catalogue item and made specifically for the make of handgun to which they are fitted.**

2017 World Championships:

The 2017 41st world championships were approved and will be held at Oklahoma City Gun Club, Oklahoma City, OK and scheduled for July 14-22 2017. More Info will be released when it becomes available.

Annual Drives:

It is that time of year again! The annual Membership renewal will start on January 1st 2017. A copy of the membership form is at the Back of the newsletter and online at www.ihmsa.org. Please attempt to get your membership renewal sent before the end of February to be included in the annual Mailing of the annual newsletter.

Also, it is time for Match directors to get their match schedules submitted and approved. A copy of the 2017 Match schedule input form is also at the back of this newsletter. Please get this to us before the end of February to be included in the annual newsletter.

SANCTION FEE NOTICE

Please make every attempt to send in your Sanction Fees promptly as the Sanction Fees help us pay for the printing of the Match Results.

Infrequently we have a club(s) that does not remit sanction fees for a match held. We understand club officers are busy, so we just send a gentle reminder. Still failing to receive the fees, a second notice is forwarded.

A final notice is sent if fees are still delinquent. After the final notice, the match dates will be deleted from the match schedule and the club's sanction will be withdrawn until the fees are received.

AMERICA'S FINEST BRASS - NOW FOR RIFLES

STARLINE INTRODUCES .308 AND .300 BLACKOUT

When you and your rifle are ready for action, you're ready for America's Finest Brass. Starline is now producing .308 and .300 Blackout rifle brass, and will soon offer others from the .308 family, ultimately expanding into a full line of high quality rifle brass.

Visit starlinebrass.com and sign up for an account to hear about the newest releases. When you're ready for action, you're ready for Starline.

THE NEW SILHOUETTER

What's New?

By Ken Horowitz

There is an often used misquote that "Everything that can be invented has been invented" erroneously attributed to **Charles Holland Duell** in his capacity as Commissioner of the United States Patent and Trademark Office during 1898 to 1901. Until I further researched the matter, I was as guilty as anyone else. Duell's thinking was apparently the opposite of this in that he purportedly really said something like: "In my opinion, all previous advances in the various lines of invention will appear totally insignificant when compared with those which the present century will witness. I almost wish that I might live my life over again to see the wonders which are at the threshold." (Whatever happened to flowery speech like that?)

One proposed source of origin of the above misquote erroneously attributed to Duell may come from Henry Ellsworth, a much earlier Commissioner of the United States Patent and Trademark Office in 1843. Ellsworth purportedly said: "The advancement of the arts, from year to year, taxes our credulity and seems to presage the arrival of that period when human improvement must end."

Over the course of existence of firearms and ammunition as we know them the above two contradictory views could easily be muttered by their proponents. Once the self-contained cartridge came into existence and improved during the first half of the 19th Century, things moved rapidly. By the time the late 19th - early 20th Century rolled around, we had single shots, break open actions, lever guns, bolt actions, semi-automatic and full automatic actions. Smokeless powder had bumped black powder from its monopolistic position. Beyond improvements in materials and manufacturing techniques (including tolerances) we haven't moved very much despite advertising and promotional hype. The actions are pretty much the same and the firearm goes "bang" after the firing pin hits the primer causing it to ignite the powder and the expanding gasses hurl the bullet through and out the barrel.

On the other hand, improvements to manufacturing have enabled mass production of quality products. When I attended Quality College on behalf of my employer some 20+ years ago, the definition of quality (after an exhausting study and discussion of various viewpoints) came down to "conformity to requirements." Today, any one of us can, subject to our pocketbook and aesthetic appetite, purchase mass produced firearms that will get the job done. On the one hand, I would argue that they haven't changed much; on the other hand, the quality and availability are better than ever and have continued to get so. Chalk up one point each for Duell and Ellsworth. As far as cartridges are concerned, they look pretty much the same as they did back in the 19th Century. There is still a brass case (or other material such as aluminum, steel or plastic), a load of propellant, a primer and a bullet. Despite the myriad of chamberings and bullets, there is hardly a task performed today that couldn't be accomplished by the offerings of a hundred years ago. Back them, big game, dangerous game and varmints were all biting the dust with the fodder at hand; LE was still capturing the bad guys; people were defending themselves; war

was being raged with catastrophic bloodshed; target shooters were performing amazing gunmanship.

Once again, if anything has improved, it's the quality and efficiency of manufacturing. Cases are more consistent, bullet symmetry and construction are amazing, powders and primers are more consistent and cleaner burning. Plus, even after absorbing the increases in price over the past few years due to the shortage, in today's dollars, ammunition and components are markedly less expensive than they were "back in the day." For example, that 90¢ that I paid for a box of low-end high velocity 22LR ammunition when I started shooting as a teenager would set me back \$6.95 today, adjusted for inflation; that \$3.50 box of shotshells would go for \$27.01 today.

Variety is always nice but claiming to have found something new and innovative is a bit disingenuous when it comes to most offerings these days. It's akin to the latest food fads; mixing different ingredients wouldn't give anyone the right to claim invention of sustenance. Neither does shortening or lengthening a cartridge case; changing shoulder angle; reducing or increasing bullet diameter; okay, you get the point.

I didn't invent the wheel, discover fire, or develop reloading.

All of that has been done before and I'm happy to follow others and take advantage of what has been done already. You will not see a 17-50 Horowitz with a tiny bullet in the necked down mouth of a 50 BMG. Besides sounding dangerous and apt to explode, it would serve no purpose other than self-aggrandizement, certainly not my bag.

Some cartridge developments do have more merit than others. On the lower side, I would put all of those "better deer cartridges." There are so many cartridges that will effectively harvest deer and there no such thing as "deader." They either work or not if the shot is properly placed and bigger, faster, flatter don't make up for improper shot placement.

On the other hand, in our own sporting sub-segment, the need for a sufficiently weighted bullet that would be flat enough to topple our Big Bore steel targets without unduly beating up the shooter with recoil spawned a group of cartridges that truly did fill a void. Various somewhat concurrent efforts led to development of several cartridges, all of which do an adequate job. While my favorites are the 7mm BR and 7mm TCU, I'd be hard pressed to argue that any of the others wouldn't do as well. Even between my two favorites, either will do. I like each for what I would consider subjective reasons and if the other had never been developed I imagine I could be just as happy.

We all have our likes and dislikes. These need not necessarily be founded on anything more than a whim. But being forthright, no one needs to claim that something is better if in fact it is just simply different. From my perspective, for some time now there has been sufficient variety of cartridges; yet, I welcome anything additional that makes a sport shooter happy. I guess I can be in both the Duell and Ellsworth camps at the same time.

RECORDS PROGRAM

MARKSMANSHIP COMPETITIONS

The Burris cup:

Scoped .22 Long rifle caliber Handguns only. Your best 5-shot group at 100 yards or meters. Guns may be bench rested over any solid rest as long as the gun is not in a ransom rest, vise or any other mechanical clamping device. Lying on your back in a freestyle position and piling sandbags by your body for support is legal. This will allow scoped guns setup for Creedmoor to better compete.

The Weaver Trophy:

Scoped centerfire handguns. Your best 5-shot group at 100 yards or meters. Guns may be bench rested over any solid rest as long as the gun is not in a ransom rest, vise or any other mechanical clamping device. Lying on your back in a freestyle position and piling sandbags by your body for support is legal. This will allow scoped guns setup for Creedmoor to better compete.

The Merit Challenge:

Centerfire handguns with iron/open sights. Your best 5-shot group at 100 Yards or Meters. Groups must be fired from an IHMSA legal position. No benchrest or artificial support allowed.

The Daisy Avanti Trophy:

AIR production guns with iron/open sights. Your best 5-shot group at 18 Yards. Groups must be fired from an IHMSA legal position. No benchrest or artificial support allowed.

General Rules:

All entries must be shot with IHMSA legal guns. Production, Revolver, and Unlimited guns are allowed in the Burris, Weaver and Merit classes.

Witness:

Winning groups must be witnessed by an IHMSA or NRA member. Eligible winning targets must be signed and dated by the shooter and witness. Also, please include the shooters IHMSA number and the witness's IHMSA or NRA number by their name. A witness is not required to enter but is required to win.

Targets:

Targets submitted must contain no more and no less than 5 shots in each bull zone.

Field Pistol Records Program

By Al Kuenn

12-15-16

We have a few new scores that I received from Daniel Hagerty from the World Championships and some regional events.

I will do the year end wrap up next month, so there is still time to send in some scores.

Shoot well and shoot often.

Send your scores to Al Kuenn, 5725 E Peak View Rd, Cave Creek, Arizona 85331 or e-mail to: allank@cox.net.

Big Bore Records Program (BBRP)

By

Joe Cullison

The scores have slowed down a bit but there have been some great ones to mention.

A great champion sent me a fantastic score.

Rich Hawkins (IN) shot an awesome 39x40 in US. Rich said the #5 turkey managed to jump out of the way. Great shooting Rich.

John Richards (MN) had a very good match at the MN state Championship. John shot a S-46 (cast bullets), P-60, R-59 and U-57. These convert to a Standing 30, a 3-gun 110 and a 4-gun 148. Outstanding shooting John.

Joe Cullison (OR) shot a 59x60 in US at the West Coast Championship pardoning only the first turkey.

John Weaver (TX) had a great match at the Region 4 Championships. John shot a S-48, R-55, P-58 and U-59 and a US-48. These convert to a S-32, 3-gun 110, 4-gun 146 and a Standing Agg of 64.

Steve Martens (MN) shot well at the Region 4 Championships. Steve shot a S-40, R-59 and P-60 which convert to a 3-gun 106.

Scott Thompson (OK) also shot well at the Region 4 Championship. Scott shot a S-33, P-58 and U-59 which convert to a 3-gun 100.

Eric King (CA) shot well at the World Championships. Eric shot a S-50, P-79 and a U-80 which convert to a 3-gun 104

State totals for 2016 are: OH-5, OR-5, MN-5, TX-4, GA-3, PA-2, NV-2, SC-1, IN-1, OK-1, CA-1

Please bring at least one friend or acquaintance to every match. Together, we can keep IHMSA growing.

If someone has shot higher scores than what I have listed. Please send me an email and I will update the information.

Please forgive me if I have left anyone out or made any other errors. Send me the information and I will make it right as soon as I can.

Thank you for your support of the BBRP.

Send entries to:

Joe Cullison, 28988 Berlin Road, Sweet Home, OR 97386 or to jcunclejoe@aol.com. 541-317-8801 evenings

Thank you.

½ and 1/5 Scale Records

December 2016

By Jim Harris

Hi everyone! Long time, no see!

Sorry for the delay. Entries have been slight slower this fall, and as some of you know, I've been splitting my time between my home base in SoCal (with my computer) and our home renovation in Aberdeen, Washington (with my phone and wifi hotspot). Needless to say, I've not been as Jimmy-on-the-spot as my previous slacker contributions.

Here's an update prior to the year-end wrap-up that should be published in the Jan-Feb 2017 period, where scores and participation will determine the Person of the Year, and the runner's up and other pageant champions.

Notably strong in both ½ Scale and 1/5 Scale scoped categories is Steve Soya from Michigan. Even on his abbreviated shooting season, he's managed to dominate both arms of the competition. Val Shaver of Nevada is a strong second place in both these fields.

Special note to Harry Sharp, Jerry JR Ray with their ½ Scale open sight 60x60's from the WCC at Grants Pass, Oregon, and Eric King for his ½ Scale open sight 40x40.

Congrats to Steve Martens (our Prez!) for his terrific performance at the East Coast Championship 60-round match. Steve took the championships in all ½ Scale and 1/5 Scale events, including both Aggregates! Steve's scores qualified as records in the ½ Scale program for ½ UAS and the ½ Agg.

Shoot well, shoot safe! See you next year for another round of long range accuracy and nerves!

Happy holidays!

Please send records to my email: harrisgrp@earthlink.net; or my home address 1567 Bridget Ave., Simi Valley, CA 93065. Or give me a call at (h) (805) 581-0009, or (c) (805) 208-5054.

SmallBore Records program

By Dan Hagerty

Lots of scores to report this time.

Paul Habig of NV added a 5th revolver 40 to his group this year.

John Richards of MN shot a Revolver 40 to add his name to the list. He also shot a production 40 but we do not monitor this except in Aggregate scores.

During the 2016 world championships, The Following qualifying scores were shot:

Steve Martens of MN with a 3-gun of 219 and a 4-gun of 297.
Jared Richards of MN with a 3-gun of 216 and a 4-gun of 290.
Joe Cullison of OR with a 3-gun of 210 and a 4-gun of 286.
John Richards of MN with a 3-gun of 213, 4-gun of 285, a Standing agg of 122 and a standing score of 65x80.
Jim Kesser of OH with a 3-gun of 208 and a 4-gun of 281
John Anderson of OK with a 3-gun of 200
John Weaver of TX with a 3-gun of 200

The following were 60 round scores shot during the 2016 East Coast Championships:

Steve Martens of MN with a 3-gun of 156 and a 4-gun of 211
John Richards of MN shot a 3-gun of 154
Jim Kesser of OH shot a 3-gun of 153

The following were 60 round scores shot during the west coast championships:

Joe Cullison of OR shot a 3-gun of 162, 4 gun of 218, a standing agg of 100 and an US score of 56
Jim Kesser of OH shot a 3-gun of 160, and a standing score of 46
Russell Mowles of AUS shot a 3-gun of 155
Eric King of CA shot a 3-gun of 151

The following 60 round scores were shot during the South Central Regionals:

Steve Martens of MN shot a 3-gun of 164 and a 4-gun of 221
John Richards of MN shot a 3-gun of 161, a 4-gun of 212, a standing agg of 99 and a standing score of 48
Scott Thompson of OK shot a 3-gun of 154

500 Meter News by the Old Guy

Since IHMSA agreed to sanction some 500 meter silhouette shooting, a number of people have begun shooting the longer ranges who had not done so before. Among them is Gary Crews of Oklahoma who shoots the 500 meter course of fire at the Oklahoma City range with Jim Fields.

Right from the start Gary made it clear he was going to be good at this. He won the Iron Sights Unlimited category at the 2016 World Championships back in July with a 37x40. This is a seriously good score.

Over the thirty-five years people have been shooting the rifle course of fire with handguns, only a handful of shooters have shot 37x40. This was the first time since IHMSA sanctioned 500 meter silhouette shooting that anyone had shot 37x40, so it became the IHMSA record. This score was shot 9 chickens, 9 pigs, 9 turkeys, and 10 rams.

Only a month later Gary was back at the Oklahoma City range, and this time he shot 38x40. Wow! That is outstanding. This is the new IHMSA 500 meter Iron Sights record. Prior to IHMSA sanction only three people had shot 38x40, and no one ever has shot a 40x40. The three others who shot 38x40 had been shooting 500 meter silhouette not just for years and years but

decades. Gary really has put the word out that he is the one to beat at any 500 meter match he attends.

It also is worth noting that Gary shot the 38x40 with 10 chickens, 10 pigs, 10 turkeys, and 8 rams. This means that on separate occasions he has had 10 in a row of each animal. This made him eligible for the Iron Sights 500 Meter Grand Slam pin which the Old Guy mailed off to him right away. It is further worth noting that the eight others who have earned this 500 Meter Iron Sights Grand Slam pin over the years spent years and years working toward it. Gary did it within a month.

There also is a 500 meter pin for a 40x40 scoped. If you are eligible for either one, please get in touch with me, and I will get it off to you. You can email me at: therose7@earthlink.net

In other 500 meter news Harry Sharp shot a very nice 36x40 Iron Sights Unlimited in October at the Avenal, California range. This was on a windy day, and Harry did a great job of reading the wind.

On the other hand, does anyone remember a day of 500 meter shooting when the wind did not blow? Actually I do. It was the day in Yuma, Arizona when Ted Zysk shot the legendary 30x40 in Iron Sights 500 meter half size. In his day Ted was the king of Iron Sights 500 meter shooting. He held both the Revolver and the Half Size records. May his soul rest in peace.

Left the Range, Dave Whitman, IHMSA# 19L

IHMSA has lost one of its pioneers, Dave Whitman, IHMSA #19L. Dave's request was that there be no memorial service. This request has been honored. However, the Josephine County Sportsman Association's Pistol Silhouette Club felt that some lasting monument be placed for future shooters to know him and his accomplishments. Thus, this plaque has been placed in the JCSA main office.

IHMSA Match News

By Dan Hagerty

There will be some Changes coming this next year. First and foremost, I will be resigning as the News editor and we already Have a new editor in training. When he is ready to take over, we will let you know.

To make the Job easier for the new editor, We need to make some changes to how Match reports are being submitted. When the match Director submits his Reports to HQ either digitally or by paper work, The match reports need to have the following information:

1. City and state nearest Match
2. Club Name
3. Date(s) of match
4. Name of person submitting article
5. Region for club (this is recommended but not required)

Without this information, your match reports will not be printed in the IHMSA News. As I have learned I get around 40-50 Match reports each month and without this information, It makes it very Hard to process properly the reports. If sending your reports digitally, Please send them as a document or PDF file. Please no excel spreadsheets or Club newsletters!

As some people may have noticed, the Match forms are no longer printed on colored paper. The main reason for this is that Scanners have a hard time Identifying text on the form when it is on colored paper. There is also a small cost savings but not much. Also, if anybody does not mind printing out their own forms, Please email me and I will forward you digital copies of the forms.

I will still be doing the Match functions for HQ, So Please still send your Match reports, Match Recaps and sanction fees to me. If you try to contact me via phone, The phone number listed is my personal Cell phone. I do not carry this phone mainly due to I work in the in-home service industry and I know you would not like your service tech answering personal phone calls while working in your house. So, Please leave me a voicemail and I will get back to you.

2017 is just around the corner and it is time for Clubs to submit their new match schedules. Included on this newsletter is a copy of the 2017 Match schedule input form. I will be emailing a copy to all Match directors that I have information for but I included in the news for match directors I do not have information for. Please make sure your state or regional director approves your match

schedule. The Director can electronically sign the schedule when sending via email by stating that he approves the schedule in the email.

The match reports will get caught up in January. To get this newsletter out, They were Not included.

Have a Merry Christmas and a Happy New Year!

LOUISIANA DIRECTORS REPORT

The 2016 IHMSA season in Louisiana was concluded last weekend, and I want to personally thank my brother, Charlie Braud, for personally keeping IHMSA alive in Louisiana. Charlie is personally running 3 IHMSA matches, with little or no help. Our membership and participation have dwindled to almost nothing, but we are determined to keep IHMSA alive here in Louisiana. To ease the workload at these matches we are planning to institute some fairly radical changes. With inspiration from Dave Nuetzel and the shooters in Pensacola, FL, we plan to start using "ringer" targets with impact sensors. These sensors will trigger a LED lamp when the target is hit, and will reset after about 10 seconds. This way, we can spare our aging bodies the strain of many trips downrange to pick up steel. We realize that with this system we will lose what, to most shooters, is the initial appeal of metallic silhouette shooting - seeing the targets fall ! But, with our current situation we are left with no better option. Charlie plans to use this system at all matches in Louisiana. Our cousin Lanny Blake is helping with the electronic side of this project. Charlie tested the prototype the other day and said that it worked perfectly. Hopefully, when implemented, this system will remove the heavy labor that we have had to endure at our matches. We would have loved to go with auto-reset targets, but 2 of the ranges in use will not allow any permanent installation of target systems. The price and mobility of these systems make them impractical as well. If your travels bring you to Louisiana, we would love to have you join us at a match. We look forward to a better 2017 ! ---- Philip Braud
IHMSA #13794 Louisiana Director

Match Report

2016 South Central Regional Championship

Sept. 30, Oct. 1-2

Jim Fields, Match Director

OKC Gun Club

Unbelievable was the only way to describe this match, anyone missing this one missed some great weather, great times with special friends as well as some great food & excellent shooting conditions all three days which could only be described as bluebird weather from Thursday thru Sunday.

We had a total of 157 entries for this match, down a little from last year but not bad considering we had 5 or six of our regulars missing for one reason or other. Would have easily been over 200 entries.

We had shooters not only from Oklahoma but also from Minnesota, Kansas, Missouri & Texas, all had a great time shooting steel, telling lies, making excuses for missing targets; I think I even picked up a few new excuses myself. We appreciate all our out-of-state shooters.

We had a total of twenty-nine (29) 60x60's shot in this match, so all had a great time in the shoot-offs.

Those shooting 60x60's in this match were Steve Martens (4) Scott Thompson (4) Jim Fields (3) Josh Delso (3) John Blue (3) Gary Crews (2) Joe Coleman (2) Jack Tessman (2) Jim Meyers (1) Josh Grounds (1) Ryan Schuff (1) John Weaver (1) Teresa Coleman (1) Larry Curts (1)

Four gun BB went to John Weaver, TX with a 220x240 & 4-gun SB was won by Steve Martens, 221x240.

Steve Martens from Minnesota won the 500 meter scope with a 38x40, & also the open sight with a 33x40 great shooting Steve.

Linda Lanning from Kansas won high lady in UAS-BB with (58x60) Teresa Coleman, won high lady UAS SB with a UAS-60x60, great shooting gals.

Scott Thompson won the Iron Man award with an eight gun total of 409x480.

Our high junior in UAS-SB was Josh Grounds, one of our target setters, shot a fine 60x60+5, great shooting Josh; Ryan Schuff won high junior in UAS-BB 8i UASFS, & Keldon Friesen 8 years old, a brand new junior shooter from Hinton, OK, shot a 58x60 in practical hunter class with a brand new Charger, for high junior, great shooting Keldon. His Older brother Daylan, 10 years old, shot a 59x60 in his first match also, however Daylan was not classified yet, fantastic score for his first match ever. Their dad, Larry was a very proud papa indeed. This is what our sport is all about.

Lever gun short range went to Rick Escott & the .22 category went to Dan Zimmerman.

We had a tremendous amount of door prizes we gave away. I think everyone in attendance won at least one.

Our big raffle was for a Dillon RL-550 progressive press which was won by Josh Delso, congratulations Josh; the Shilen barrel certificate was won by Robin Weaver, John's other half, go gal.

I want to thank some of the companies who donated prizes or gift certificates for this match, Sierra Bullets, Cabelas, Shilen Barrels, Midway, Champion Shooters Supply, Hornady Bullets, Starline Brass.

Again, our target setters did an excellent job of keeping the match moving smoothly & the office personnel & line crew did an excellent job as well as John & AJ Richards taking care of the AIR gun part of this match, you guys are greatly appreciated. Also would like to thank Debbie Tessman, Teresa & Joe Coleman who did the food preparation all three days. We had an excellent cook-out Saturday evening.

See all the match results accompanying this article.

That about sums it up for now, shoot straight, shoot safe, & the good lord willing, I'll see you at the next match.

**2016 Region IV Category Champion Winners
(Sept. 30th-October 1-2) -- Jim Fields - Match Director**

BIG BORE (60 Rounds)	NAME	SCORE
UAS Champion	Josh Delso	60x60+9
Unlimited Champion	Gary Crews	60x60

US RESIDENTS IHMSA MEMBERSHIP APPLICATION

IHMSA membership, with newsletter from the website, is \$35.00. Included with the membership is a member/classification card, a copy of the IHMSA rule book, and one annual (start of year) paper issue of the IHMSA newsletter.

If you want the IHMSA newsletter mailed to you each issue add \$20.00. If you are a life member or not shooting anymore but still want to keep up on the sport the printed newsletter is \$20.00 per year.

For additional IHMSA information please use IHMSA website www.ihmsa.org or contact headquarters. Memberships for your spouse or children (under 18 years of age), are \$10.00 per person per year, and only include the IHMSA member/classification card. Fulltime students over the age of 18 are also \$10.00 per year till they graduate.

Memberships will renew on January 1 each year!

PLEASE PRINT CLEARLY

IHMSA # _____

First Name _____ Last Name _____

Address _____
