

March 2023

Official publication of the International Handgun Metallic Silhouette Association, Inc.

2023 IHMSA CHAMPIONSHIP
RILEY CONSERVATION CLUB
RILEY, INDIANA

Dates: July 7-12
60 round match

Please note the starting and ending times have changed to better accommodate the unique light conditions.

Big Bore, Half Scale, Small Bore, 1/5 scale, Field Pistol, Practical Hunter, Air Gun

Pre-registration strongly encouraged but not required

Air Gun (40 rounds)

Trophies to category champions Special awards: Iron Man, 4-gun agg(s), FP agg, High Junior

Sighters will start at 10:45

**Competition will start at 11:00 every morning and end at 6:00 pm Friday through Tuesday
11:00 to 2:00 on Wednesday.**

Targets are on tan sand backstops. Range faces a little east of south.

Big Bore relays will be scheduled from 11:00a to 3:45p.

Big Bore rams, 200 yards, will be hard set, hits must be confirmed.

1/2 scale will be scheduled from 4:00p to 6:00p with no 1/2 scale scheduled on Wednesday.

Wednesday big bore will be from 11:00a to 2:00p

If you are shooting multiple entries on the same day, please check all your guns in at the same time. We are going to try and reduce the number of hours the check in station is manned. Current plans are to be manned from 10:00 to 1:00. If you decide to add an entry or change a gun later in the day, get with an IHMSA officer or the match director to check in the gun.

Be prepared to shoot shootoffs immediately after shooting a perfect score. Last year, we shot all scoped guns immediately after the perfect score was shot. A notice will be posted at the match indicating which categories will be required to shoot immediate shootoffs.

Any ties that remain at the end of formal competition will be shot off after the final relay on Wednesday. Winners and awards will be announced following the final tiebreakers.

Air gun competition has been tentatively scheduled for Sunday morning. Specific times to be announced later. Last year we had so many air entries we shot over two evenings. If the demand is high, we will add an additional morning.

Please reference Rich Hawkins earlier post about range set up day on Thursday.

Practice and sighters will be allowed once the range is setup.

Once the range is closed on Thursday night, no further practice is allowed until the first sighter relay on Friday at 10:45.

If you are available to work on Thursday it will be greatly appreciated.

My contact info is listed on the registration. You can register via regular mail, email, call or text me.

Camping permitted by advance approval only

2023 IHMSA National Championship

**Registration Form
Riley Conservation Club
Terre Haute, In**

Dates:

Friday July 7 - Wed. July 12

Range Address:

6301 East Gross Rd.
Terre Haute, In. 47802

Mail or Email Pre-Registrations Forms to Jim Kesser (**Emails Preferred**) Phone: 614-214-6165

Email: jimologist@aol.com

Address: Jim Kesser
RR 1 Box 268
Bremen, Ohio 43107

Preferred Shooting Times:

Please select your times below and all efforts will be made to accommodate your selections. Relays start at 1100 hrs. and will run until 1800 hrs. Sighters will start at 1045 hrs. Big Bore and 1/2 scale share a line so BB relays will be scheduled from 1100 until 1545. 1/2 scale relays will be scheduled from 1600 to 1800 **Relays are scheduled for 15 minutes: it is recommended that you**

IHMSA News is going to move to online posting for most issues now due to the increase cost of printing the IHMSA News and mailings.

If you have pictures of your match, include those also for the news. Match results can be submitted after the match; you do not need to wait to the deadline to submit all match results.

Please continue to submit Match results or write ups to the IHMSA Forum, email them to Doug Edney at president@ihmsa.org, or mail to: 808 Ute Tr. Mercer, PA 16137. Please add any information that you want to accompany the match results, such as new shooters, amazing shooters, pictures or other fun information.

Scores of members who are not paid up to date will not be published. Renew your membership so that your scores can be submitted in the IHMSA News.

IHMSA Bulletin Boards

Membership Renewals

Annual memberships are \$35.00 and additional family members are \$10.00. Mail membership renewal dues to:

IHMSA, Inc.
808 Ute Trail
Mercer, PA 16137

Please send a check made out to **IHMSA, Inc.** or **PayPal**.

Match Recap Form and Sanction Fees

Please send match recap forms and sanctions fees to:

Rich Hawkins
2902 Oak St
Terre Haute, IN 47803

Please send a check made out to **IHMSA, Inc.** or **PayPal**.

Match Results Submission

Please send match results to:

IHMSA, Inc.
808 Ute Trail
Mercer, PA 16137
president@ihmsa.org

Please make sure your match results are posted on IHMSA forum, mailed, or emailed to make sure they will be included in the next IHMSA News.

New Members

IHMSA would like to welcome our newest members! Thank you for joining. If you see these members on the range, please welcome them to the greatest handgun sport.

LEGENDS OF SILHOUETTE

#10: JOE KENNEDY

This may well be the last Legends of Silhouette article I write because this will be the last achievement that I know about that I consider worthy of this recognition. When I started doing this series, I knew of all the shooters I planned to write about (except, of course, the 40x40 in 500 meter iron sights which had not happened yet when I started), and it is now time for me to address the successes of Joe Kennedy.

This article includes a major surprise, something I did not know and has never been mentioned to me by any of the people I know. Read all the way, and be pleasantly surprised.

Joe started shooting handgun metallic silhouette in the early 1980s. He lives in Las Vegas, Nevada and works in entertainment industry. This means that he works most weekends, and he can not get to the range on match weekends to shoot more than a few guns. Since he is limited in how much he can shoot, early on he made the decision that since he was very good at standing, he would limit himself to only those disciplines that are done in the standing position; big bore, small bore, field pistol/hunter's pistol, both iron sights and scoped.

Joe's first match was in 1980 at Redlands where he shot a Model 29 Smith & Wesson .44 magnum in the prone position.

My introduction to Joe was at the 1999 IHMSA/NRA Labor Day weekend match at the Los Angeles Silhouette Club. This was an NRA National Championship match. I was there, and I was very impressed when Joe shot 71x80 in Big Bore Iron Sights Standing. This is the record for Big Bore Standing Iron Sights in an 80 round match. It is noteworthy that he missed three chickens on his way to the 71. This means he missed only 6 animals on the pigs, turkeys, and rams. This makes the 71 even more impressive. In this performance he shot 15 rams in a row, I know of no one else who ever shot 15 rams in a row Standing Iron Sights. He also cleaned all 20 pigs and got 16 turkeys which is excellent shooting. In that same match he shot 72x80 Big Bore Any Sight Standing. While this is not a record, the aggregate of these two, 143x160, is the aggregate record for both standing scores in an 80 round match.

Although Joe has been shooting scoped standing for the duration of the category, he never shot a 40x40 Unlimited Standing until December of 2021. This shows that his skills still are at their peak. He has all the various ten in a row iron sights standing pins so he is one of a very few silhouette shooters who has a grand slam in Iron Sights Standing. There are others who have achieved this level of success, but very few.

Joe shoots a TC Contender in 7TCU caliber. He shoots Sierra 150 gr. BTHPs over 23.5 gr. of H322. The position he uses is both hands on the rear grip with his arms fully extended. This has the advantage of providing the shooter with the longest distance from eye to rear sight. Not a lot of shooters can hold steadily enough to make this work, but obviously Joe is one who can.

In 1990 at Raton, New Mexico he won Short Range Pistol and was National Champion. In 1992 he won NRA Long Range Conventional Standing. In 1998 he won Small Bore Pistol Standing and Small Bore Standing Aggregate. That same year he also won Conventional Standing Big Bore. In 1999 he won Long Range Pistol Silhouette Standing and Standing Aggregate. In 2000 he won both Small Bore Standing and Small Bore Standing Aggregate as well as Long Range Conventional Standing and Standing Aggregate. These were NRA scores, but I believe these are important achievements worthy of mention here. He has won a variety of State and Regional Championships, too.

Joe also holds the Chicken Standing Iron Sights Long Run Record at 40.

When I called him to discuss his 71x80, we talked for a while concerning the possibility of my writing about him. Then he said if I was going to write about him, he thought there was something else I should mention. He said that in 1997 he shot 39x40 Big Bore Iron Sights Standing. That came as a major surprise to me, and I assume it will be a surprise to you, too. He said the Match Director never made any attempt to publicize this. He is not sure why this might have been, but since he is a very modest fellow, he never tried to spread this amazing bit of information. If this had happened at a match I had put on, I would have tried to get the major networks to put it on the nightly news, but since then over the years no one has submitted this record to the various IHMSA records keepers. Consider this submitted now. When Joe sent me a bunch of information to use in writing this article, he included a photocopy of his 1997 IHMSA card, number 11029, showing 39x40 Standing at Desert Sportsmen range in Las Vegas on 11/16/97 signed "DW" as certification. Tell me that isn't a most excellent surprise.

I guess you want to know what he missed in the 39x40 Iron Sights Big Bore Standing. It was a chicken.

Anderson City Sportsman Lawrenceburg, KY March 4-5, 2023

We had our first match of the year. We kicked it off on Saturday with our annual 500-yard match. Then we had our regular match on Sunday. We had six on Saturday and eight on Sunday. First off a big thank you to David Bemis and Ron Dampier who made it possible to shoot the 500. Jim Kesser and Doug Lash came down from Ohio in a terrible storm to see us. Chris Boone and Mike Graves were not able to attend. Chris had to fix storm damage and Mike had a change in work schedule. So, David, Ron, Will Curlin and Leroy Boone duked out with Jim and Doug.

On Sunday most of the regular crowd was there. We did miss Ted, Chuck, Steve, Thomas, and Ron. Chris and Leroy brought a new shooter out. All I got was a first name of Taylor. So welcome and I hope we see you again. He shot a very nice 30 his first time out in BB UAS. The big scores of the day were Ricky had a BB UAS 40, Chris Had a BB UAS 39, Will had a BB R 38 and I had a SB UAS 39 with a missed chicken

April 2, 2023

We had a great match this month. Everyone shot well and often. We fired 26 guns. That's the most we've shot in a while. Leroy led the way with a 40 in big bore UAS.

Our next match is May 7th.

Hope to see you there.

President's Report

Doug Edney
President's Message April 2023

By now, most of us have squeezed the trigger on a silhouette range. The bang and clang keep us coming back. Heck, even the bang and ... keep us coming back. That is the ultimate reason for continuing to shoot silhouettes. Many sports have evolved over the years including IHMSA. We could go on and on with the evolution of NASCAR, NFL, and even hunting. In PA, hunters can now use crossbows during archery. Kids can hunt as early as they want under the mentored youth program. I couldn't hunt until I was 12 years old. The Game Commission changed the opening day of deer rifle season from the Monday after Thanksgiving to the Saturday. Some people applauded these changes while others were upset. Those who were upset disliked the change in hunting traditions. For me, I just want the tradition of hunting to continue. Similarly, I want the tradition of handgun silhouettes to continue. It may be time for some changes. A wise veteran member told me recently how the current IHMSA has a shelf life. The expiration date is looming because MOAs, BFs, XP-100s, and other handguns aren't produced anymore. Additionally, the price of steel has increased dramatically even though it weighs the same. To assist with range setup, there are some accommodating features match directors could pursue. Magneto impact lights were used with success at the 46th Championships in Terre Haute, IN. Easier range setup is a must to combat match director burnout. With possible changes, I am concerned for the integrity of the game when

counting hits are considered and the traditionalist 3-4-8 gun members who still enjoy the roots of IHMSA.

In July 2022, we traveled to the 1st Adam Bender Memorial Shoot at Thunder Valley Precision in southeastern Ohio. The hunter match we shot was similar to PRS but for handguns. There were four targets per station with five stations including: tree stand, straw bale, box blade, fence post, and wood pile. Shooters engaged each target twice from closest to furthest (4 targets x 2 shots x 5 stations = 40 shot match). Every shooter had at least one spotter to confirm hits as the targets were swingers. I have confidence that every shooter who participated in this event had fun. It was different than some were used to, especially us IHMSA members. Recently, my brother made some fifth scale swingers for our match. He plans to make more targets of varied dimensions for a future trial of a hunter smallbore match. My plan for the four stations follows:

1. Four half scale targets (C, P, T, R) out to 100 yards for standing. Shoot closest to furthest. Three targets are painted black while one target is white. The match director (MD) chooses the odd colored target. For example, the pig is painted white. The competitor has 2 minutes for 5 shots. The competitor will engage the chicken first and once, pig twice, turkey once, ram once. For the 2nd string of fire in the relay, the shooter will work backwards by engaging the ram once, turkey once, pig twice, and chicken once. The competitor just fired 10 shots on 4 targets rather than 10 on 10 with free standers and target setters or 10 on 5 with hinged targets on steel banks and ropes to pull.
2. Four 3/8 scale targets (C, P, T, R) out to 100 yards for freestyle. The same as above applies to this station, but the MD could paint the ram an odd color.
3. Four 1/5 scale targets (C, P, T, R) out to 100 yards for the treestand, straw bale, fencepost, or wood pile. The same as above applies to this station, but the MD could paint the chicken an odd color.
4. Four 1/10 scale targets (C, P, T, R) out to 100 yards for benchrest. The same as above applies to this station, but the MD could paint the turkey an odd color.

Handguns are limited to a 15" barrel because it's IHMSA, not IRMSA. The competitor needs to have a spotter to call hits and score hits on the card. The competitor just fired a 40 shot match on 16 swinging targets. The pace of the string for the competitor increased because of moving scope elevation and parallax. The targets have gotten smaller for typical smallbore, but the positions have changed. The range layout and course of fire are up to the MD and could vary every match. This is not a rule proposal, just a trial of something new.

Circleville, OH

April 8, 2023

Our first match of the year and it started out chill but by noon it was a beautiful day to shoot and several good scores were turned in. Ron Dampier visited us from Kentucky and he must like this range because he shot a personal high in SB Prod. And made a leg. Doug Lash had good scores in PAS after fighting his eyes for several years. Steve Beck Montgomery has a great 40/7 in a re-entry in SB UAS. And I claim the spotting helped. Bruce Smith laid down with a scope and a pretty good 37 getting sight settings. He must have made some notes because

all the turkeys went own. I had a personally best in UASFS with a 39. And no it wasn't Larry the last ram. It was the 2nd ram and I claim a small wind shear blew me off target.

The real competition this month was in FP-P. multiple 28's d 29's were shot but Carl Skidmore walked off with a 30 and the win. Steve Powell keeps knocking on the door of INT with 29 after 29, plus he also made a leg in SB-Standing. I have made note of the date/ Thanks to Bill for helping me Friday night and thanks to everybody for helping tear down.

Hope to see everyone in May. Our match is 5/13/23.

Vice President Report

Rich Hawkins
April 2023

Spring has arrived here in Indiana, although the north part of the state still has snow, and our April match here suffered 48 degree temps and 20mph winds. Nonetheless, I'm looking forward to another season of silhouette shooting! I'm sure many of us spent the winter months contemplating builds, tweaking loads, and changing sights or optics. Ammo and components are largely improved from a year ago with the exception of primers. Perhaps a bit more .22 shooting this year for some folks, or a bit of rationing on our fun time with centerfire guns.

Indiana 4H Shooting Sports entered the 21st century and will be having their 2nd state championship in May. Silhouette is part of their program. I get to serve as "the silhouette guy" and hope to steer some youth into joining us, with both handgun and rifle silhouette being offered.

IHMSA finances have improved this past year largely due to the completion of restitution from a previous court case. That, coupled with the increase in sanction fees, has us on pretty solid ground. You can review the financial reports elsewhere in this issue.

I applaud the MD's who add specialty events to their matches! In IHMSA's heyday, we held chicken or pig shoots at the end of each season, often topping it with a BBQ at the club and a nice social gathering. Hope more clubs travel this route when the outdoor season winds down.

As announced previously, we are very pleased to be hosting the 2023 IHMSA Championships at the Riley Conservation Club in west central Indiana. Match dates are July 7-12 for this 60 round event, and will include all events including PH Short course. In 2022, we experienced deep shadows that are not an issue in local matches, we are addressing that this year by swapping berms for FP and SB, with the 22's being in the center of the range and the FP targets along the woods, well suited for afternoon shooting. RCC is also adding 14 feet to the west end of the 100 yard berm, we'll be able to shoot targets in the sunlight earlier in the day, including fifth scale and the preliminary shootoff rack. Jim Kesser (jimologist@aol.com) is again doing the entry scheduling for this event. I continue to believe smaller clubs are capable of hosting championship events and can do it within the limits of their facility. I am hoping another club will pick up the IHMSA Championship for 2024. The ECC will be at the Cardinal Center in Ohio. This is a massive facility, I hope you will join us there in June. A lengthy discussion is ongoing on the IHMSA forum regarding "starting IHMSA today". I hope you will read and engage in it. As we continue in the digital world, online discussion and news will gain ground as a means of bringing members together with timely input.

Rich

March 11 & 12, 2023

Wow, what an exciting weekend of competition at our first match of the year. We did not have a huge turnout but those who showed up brought their guns to the line for a total of 35 entries over 2 days. The shooters had lots of wind from the south to cope with on Saturday along with temperatures in the high 80's. On Sunday, the wind shifted from the north and provided much cooler temperatures. Truly a beautiful day. Thanks to all those who assisted with the range set up and put up. Team work makes the project really smooth.

Our next match will be on Easter weekend April 8-9, 2023. Please mark your calendar to join us.

Sweetwater R & P
Sweet Water, Texas
February 18, 2023

Eight guns shot including 2 re-entries. Cold and still while we set out the targets. As we were shooting the sun came out, but so did the wind which made it even colder. Coveralls and jackets were the attire of the day which caused problems with shooting positions not used to so much bulk. Fingers and actions refused to operate. By 2:00 everyone had had enough.

A new shooter came out to give his hand a try at bordello (field pistol with a carry gun). Welcome to Raymond Cochrane, Jr. Dale's Browning wouldn't cycle in the cold, so Dale coached Raymond through his entries. Ray Golden got to shoot his new-to-him Dan Wesson .22. Ray Fried shot the high score of the match in practical hunter short course. No, the "R" in SRPC stands "rifle", not "Ray".

Thanks to Richard Porter for coming out to help set up and call the line even though he didn't shoot. Thanks to Ray Fried for helping set up, set the distant targets and loan the use of his mule. Thanks to Dale for helping finish setting up and coaching/spotting Raymond through the course of fire. Thanks to everyone for helping pick up the range.

Next match is 18 March. Hopefully warmer conditions. Look forward to seeing everyone there.

Sweetwater R & P
Sweet Water, Texas
March 18, 2023

A good turnout with 22 guns fired including the “free first entry” for new shooter Kendall Bryant. After firing his first entry, the other shooters offered guns and in some cases ammunition so that Kenny was able to fire 4 more entries. He even got to fire a couple of shots from Nolan’s big bore UAS gun.

Practical Hunter Short Course was the most contested with INT shooters Dale and Dennis tying at 38 only to be beaten by AAA shooter Ray Fried’s 39 giving him a leg into International class. Ray Golden used his new Bomar to set a personal best in BB revolver.

Thanks to Richard Porter, Ray Fried and Dale Adams for helping set up the range and to all the shooters who helped pick up when the match was done. Thanks to Janie and Richard Porter for calling the line. Thanks to all our shooters that were so welcoming to Kenny and lending him guns and ammunition.

Next match is 15 April 2023.
Look forward to seeing everyone there.

Sweetwater R & P
Sweet Water, Texas
April 15, 2023

12 guns shot, 7 in practical hunter. Dennis Radowick shot the only 2 40s making him champion in PHSC and PHLC. The Goldens had baseball commitments and were not able to come.

The morning shooters contended with a cold wind in the face to add dry eyes to the challenge. By afternoon, it had become a very pleasant time to be outdoors. As an added bonus, the range was covered in yellow flowers to give a spring time look to the range.

Thanks to Ray, Richard and Dale for helping set up the range. Thanks to Richard and Janie for calling the line. Appreciate Ray for lending the mule. Thanks to all the shooters helping pick up the range.

Next match is 20 May 2023. Look forward to seeing you there. Bring someone new if you can.

Cindy Smith Embezzlement Case

In December 2022, Cindy Smith fulfilled the entire court ordered restitution. This is quite rare to have happened. It was a long and grueling process. Tina Cullison took on that process on behalf of IHMSA. Without her efforts, IHMSA would not be as financially sound as it is today. IHMSA owes her a huge debt of gratitude. Tina Cullison, thank you for your hard work, long hours, diligence, persistence, and dedication. IHMSA is truly appreciative of your efforts.

Minnesota Winter Air League

Savage, MN
March 4, 2023

This was the Minnesota IHMSA Air Pistol State Championship and there was a lot of excellent shooting. There was only one shoot-off necessary, and that was in UAS. Steve Martens and Glenn Tullis both shot 40X40 scores in UAS, but Steve won the shoot-off with 9 targets to Glenn's 7.

As the person that has been responsible for finding this range location and all of the logistics of running the matches all season John Richards would like to give a big thanks to A.J. Richards, Terry and Mary Clymer and John Hansen for their extra help throughout the season with setting up and clean up. Special thanks to Mary Clymer and Dan Harder for their continued joint efforts on recording our match recaps taking care of our IHMSA obligations.

An interesting note regarding this winter's match schedule. This was probably the only winter that we didn't have to cancel any matches, due to weather, even though it was in the top five for all time snow fall on record!

Special note: Please make sure your IHMSA membership cards are paid for and up to date

Membership Update

This year a reach out was mailed to members who did not renew last year and Life Members that have not reached out to any IHMSA previous contacts. This reach out resulted in 18 Life Time Members making contact, 40 return due to having the wrong address, 5 previous members that are deceased, and 39 members that have not renewed previously to renew again.

We have added 6 new members since December.

If you have moved or are moving, please make sure to provide you new address.

At this present time we are at 222 members renewed for 2023. In 2022 we had 333 members that had renewed.

Please remember to renew your membership if you are an active shooter for your scores to appear in the IHMSA News. If your membership is not up to date, your scores will not appear in the News.

February 19 and 26, 2023

The Sin City Silhouette Shooters may have set a new record for us. We had 24 guns go thru the line, 5 of them standing and we had 9 perfect scores shot. Dan Merserve came to town to start us off and John Nagazyna matched his BB UAS 40 and then added 2 more in SB and PH-22. Topping things off, Hoppy shot his 2nd SB UAS 40 with my Anschutz and will see what shooting 1/5 scale chickens at 100 yds is like next month. Hoppy has now shot 40's with Nags' and my Anschutz and I think I see one in his future soon....if he can find one.. Doc and Art both had trouble with sight settings and cold fingers, claiming they couldn't feel the trigger all that well. We don't get that complaint here often but it was legit. Maybe when the weather warms we can do even better.

Thanks to everyone for all the help. I ain't getting any younger and the help is appreciated.

Shoot Well, Take Care

Rule Change Proposal

Jan 29, 2023

Rule: Section IX, 4, e.

Original rule reads:

Once a range has been officially closed for preparation of a match, no practice will be allowed before or during any IHMSA sanctioned match other than the five-sighter shots as described above.

Proposed wording to add to original wording:

At championship matches and at the match directors discretion, practice may be allowed after the range has been set up on the day(s) preceding a championship match. There will be no practice time (other than 5 shot sighters) once the match has begun. The intention to allow this practice time must be announced as public information and/or in the match program at least 30 days prior to the match, and may be revoked if match setup is delayed.

January 7, 2023

We put 20 entries across the line this month. Our December match had to be canceled due to the range being covered in snow. White targets on a white background don't make for a very good sight picture. It was overcast when I got to the range with temps around 40 and got up to about 45 by the end of the match. Typical for this time of year. On to the results of the match.

NO 40's shot this month. Jim Harris posting a U-Int, 32 with cast bullets. Kyle Bishop posted a UAS-Int, 39 followed by Richard Nicol with a UAS-AAA 38. Jim Harris posted a UHSAS-Int, 37 followed by Steve Bishop with a UHSAS-AA, 35. Kyle Bishop posted a P-AA, 29 followed Steve Bishop with a P-AAA, 23. Pete Colley posted a R-B, 19. I managed a US-AAA, 25 followed by Steve Parsons with a US-AA, 19 In Small Bore Joe Stumpf posted a US-AA, 7 In Field Pistol Alec Patajo posted a PAS-AAA, 26, followed by Ron Craig with a PAS-AA, 22.

Our target setters did a great job this month. Thanks to all who came out to shoot the match and also to those who stayed to help pick up targets after the match.

Until next time shoot straight and be safe.

We put 17 entries across the line this month. It was overcast when I got to the range with temps around 45 and got up to about 50 by the end of the match. On to the results of the match.

Five 40's shot this month. Jim Harris posting a U-Int, 40 with cast bullets. Richard Nicol posted a U-AAA, 34. Kyle Bishop posted a UAS-Int, 40 as did Steve Parsons, Steve Bishop and Joe Stumpf. Kyle and Steve Parsons each got 4 shoot off targets and Joe and Steve Bishop each got 3. Steve Bishop posted a UHSAS-AA, 31. I managed P-Int, 36 and a R-Int, 34. Joe Stumpf posted a R-AA, 22.

In Practical Hunter long course Kyle Bishop posted a PH-Unc, 29. In Field Pistol Alec Patajo posted a PAS-AAA, 25

Our target setters did a great job this month. Thanks to all who came out to shoot the match and also to those who stayed to help pick up targets after the match.

Until next time shoot straight and be safe.

March 4, 2023

We put 15 entries across the line this month. It was overcast when I got to the range with temps in the Hi 30's and got up to the mid 40's by the end of the match. We were missing a few of our regulars this month. Steve and Becky Bishop are gallivanting around New Zealand. But for the others I hope all is well with everyone. On to the results of the match.

Two 40's shot this month. Jim Harris posting a U-Int, 40 with cast bullets followed by Joe Stumpf with a U-AAA, 28. I managed a R-INT, 37. Ron Craig posted a UAS-INT, 40. Steve Parsons posted a US-AA, 15. He was having some ammo chambering issues during chickens and pigs. We use the same load so I gave him some of my ammo to finish with.

In smallbore Jim Harris posted a U-INT, 27. Joe Stumpf posted a P-AA, 18. I threw a scope on my old Savage and manage a UAS-INT, 32.

In Field Pistol Alec Patajo posted a PAS-AAA, 27 followed by Ron Craig with a PAS-AA, 22 and Steve Parsons with a PAS-AA, 19

Our target setters did a great job this month. Thanks to all who came out to shoot the match and also to those who stayed to help pick up targets after the match.

Until next time shoot straight and be safe.

Left the Range

IHMSA is truly diminished when members leave the range. These past few years have been difficult for everyone but especially those who lost love ones. On behalf of everyone at IHMSA, the families of the departed members are in our hearts as we send our sincerest sympathies.

November 20, 2022

The 2022 Winter Air Pistol Season started off with six shooters on November 20th Match. There were some good scores shot throughout the morning. Jeff Shultz was the top shooter for the day with 38/40 in the UAS event. "Good shooting Jeff" The December 18th Match ends the 2022 Silhouette Season and January 15th starts the 2023 Season, with an Air Pistol Match.

January 15, 2023

The first Match for 2023 started off with a good turn out. Mike Alexander and Daryl Growcock came to the January Match. It was great to have them show up to the match.

Jeff Shultz in INT class was HOA for the third month in a row. Doug Davis took HOA in the AA class "Good shooting Jeff and Doug". It was great to see the Air Pistol Matches interest growing. If you have an air pistol, come out and enjoy the indoor Matches. Next Match February 19th 2023 will be your next chance to come and enjoy the Air Pistol Silhouette Match. " Air Pistols, CO 2, Pellet shooting Pistols qualify for the match".

IZZAK Walton

Lincoln, NE

February 19, 2023

To start off we had a good turn out with 7 shooters and some good shooting. In the AA Class there was a 3 way tie and the winner went to Doug Davis "Good Shooting Doug" the winner was decided by "Reverse Ram Count Method" (All so close). This month HOA (High Over All) goes to Ron TeSelle with a 40/40 score "Good Shooting Ron" and Jeff Shultz shot a 39/40 for a second place win in INT Class.

The shooters have been enjoying shooting the indoor Matches. If you have a pellet gun and would like to have some fun shooting it, come out and shoot at the next Match.

March 19th 2023 is the last opportunity to shoot the indoor Air Pistol Matches until fall.

Air Pistol Air Pistol

	AA	Randy TeSelle	AV-46		35		
	AA	Mike Alexander	TAU 7		32		

IZZAK Walton

Lincoln, NE

March 19, 2023

The Match ended with some very close scores. Ron TeSelle was the HOA shooter for the day. Jeff Shultz tied Ron in score and to determine the winner reverse count was used for the win. In the AA class Mike Alexander was the winner with a score of 34/40. " Good Shooting" goes to all the shooters.

Next Month will be determined by the weather. It may be an outdoor or an indoors Match or even a combination. Only time and weather will determine that?

The next Match April 16th 2023:

		<i>Air Pistol</i>	<i>Air Pistol</i>

	AA	Randy TeSelle	AV-46M		33	

IZZAK Walton
Lincoln, NE
April 16, 2023

The Match started out Chilly, with a strong gusting NNW wind and it gusted all afternoon. All in all it was a great Match. It is always good to get out and shoot a Silhouette Match.

Jeff Shultz shot his new 22 Hornet Contender barrel, for the first time in the PHS Class. His score of 38/40 will start him out in the AAA class. Randy TeSelle took first in the PHS Class with a 39/40 score "Good Shooting Randy."

No one was brave enough to try shooting any of the 22 LR Classes with the strong winds we had.

The PHS Class is growing and should be interesting this summer.

The next Match is May 21st 2023

For those of you that know Ed Mundorf he is still in rehab as of this writing, I am praying for his speedy recovery.

The Silhouette Champion There is no place for prima donnas in Handgun Silhouette. We already have the finest long range handgunners in the world. The respected Silhouetters are sportsmen as well as marksmen. To command respect we must have respect. A true champion is a sportsman. A champion knows where he or she comes from: knows that the game and cause of handgunning is bigger than any one person: knows that sacrifice for others is the final measure of greatness.

Quote from The Silhouette 1988
