## PRESIDENT'S REPORT

By Bruce A. C. Barrett

Good morning to everyone and I am hoping that everyone is well and safe. As everyone knows by now, we have a very serious situation here and the whole world also. The covid-19 virus is taking a toll on things here and abroad. People have gone stark crazy buying all the paper goods they can not thinking of their fellow man but only of themselves. As some of you already know if not, then you will that some of the ranges have canceled their first match of the season because of the virus. We, as board members, have been discussing the situation and will be monitoring the situation in the up coming month as to either have the World Championship match or cancel it. It is in our best interest to try to keep everyone safe and it will just not be worth having any of our members contract the virus to go to a match. Our Aussie friends, friends from Columbia and other parts of the world who make the long trip to come here to join in at the World Championship have already had to cancel the trip because of the situation. We will be in contact with everyone on what ever we decide to do.

On the other hand, Remington has released the new 700 handguns. I have not personally had one in my hands nor do I know at the present if they will make weight in our game. Leigh Corp. still has not released any of the SSK-50 receivers yet. They say June or July, who knows. I will be glad to get the two I have on order.

That is about all I have for now. Everyone please keep safe and well.

## BIG BORE RECORDS PROGRAM (BBRP)

By Joe Cullison

2020 has begun, let the great scores begin to happen. As the weather warms up and ranges begin shooting, I hope to see a whole bunch of entries into the BBRP.

Joe Cullison (OR) started off the year with some nice shooting. In early January Joe shot a S-30, P-40, R-40 and a U-39 for a 3-gun 110 and a 4-gun 149. Joe shot a S-32 in February.

State totals for 2019 are: OR-3

Please bring at least one friend or acquaintance to every match. Together, we can keep IHMSA growing.

Please forgive me if I have left anyone out or made any other errors. Send me the information and I will make it right as soon as I can.

Thank you for your support of the BBRP.

Send entries to:

Joe Cullison, 28988 Berlin Road, Sweet Home, OR 97386 or to  
jcunclejoe@aol.com. 541-408-6140

Thank you.

## FIELD PISTOL RECORDS PROGRAM

By Jim Kesser

Hi All, I am going to be reporting the Field Pistol records program scores.

We are going to start with a clean slate for this year. I will list my contact info at the bottom and you can contact me via snail mail, email, phone or text.

I will be listing the high scores in the paper and am also going to post them to the forum for those of you who check it out. Dan Hagerty was kind enough to set up a records section when he redid the website. Thank-you Dan!

For those of you unfamiliar with the records program here are the guidelines as I understand them;

1. An iron sight score (P) of 32 or greater.
2. A scoped score (PAS) of 36 or greater.
3. An Aggregate; add both (combination of P and PAS) of 60 or greater.

**Standing 30+**  
Joe Cullison (OR) 32

**Unlimited Standing 35+**

**Standing Agg 60+**

**Presidents 100 Club (3-gun)**  
Joe Cullison (OR) 110

**Presidents 140 Club (4-Gun)**  
Joe Cullison (OR) 149

\*Converted from a 60 round match

\*\* Converted from an 80 round match

4. You must be a current member of IHMSA to be included in the records. (Please include your IHMSA # when reporting)

5. The score(s) must be fired at a sanctioned match. Please include name and date of match.

6. The two scores for aggregate must be fired at the same match.

(Note; if the match is a multi- day match, i.e. two day weekend, multi day state, regional, etc. the two scores comprising the aggregate do not have to be fired on the same day but must both be fired at the same match.

7. If the match is a 60 or 80 round Championship match the scores must be converted to 40 round equivalents to determine if they qualify for the records program.

The Field pistol 60 club aggregate is the score I shoot for all year. I consider it the mainstay and most important but also most attainable of the records clubs.

Good Shooting to all and forward your scores to

**REQUEST FOR NOMINATION  
CALIFORNIA STATE DIRECTOR**

Accordingly, nominations are now sought for the position of California State Director. Nominations are to be submitted to the Secretary/Treasurer on the nomination form provided no later than July 31, 2020. Reason for nomination is present California State director is no longer a resident of the state of California.

Any member in good standing, who is a bona-fide resident of the state for which they nominate, is eligible to contest the election. A bona-fide resident is someone who has resided in the particular state for a period of not less than six months immediately prior to the election.

**REQUEST FOR NOMINATION  
FOR THE POSITION OF CALIFORNIA STATE DIRECTOR**

In accordance with the Bylaws of IHMSA, Inc., an election has been called for the position of California State Director.

I \_\_\_\_\_ do hereby declare my intention to stand as a candidate for election to the office of California State Director and authorize my name to be placed in nomination for said office as a member in good standing of IHMSA, Inc.

Signed: \_\_\_\_\_

We, the undersigned members in good standing of IHMSA, Inc. do hereby endorse the above candidate's nomination:

Signed: \_\_\_\_\_ IHMSA # \_\_\_\_\_

Signed: \_\_\_\_\_ IHMSA # \_\_\_\_\_

The bylaws of IHMSA, Inc. require nomination for this office be submitted on this form to the Secretary/Treasurer.

# SILHOUETTE

**ELGIN T. GATES**  
 INTERNATIONAL EXECUTIVE DIRECTOR  
 BOX 1609  
 IDAHO FALLS, IDAHO 83401  
 208-529-4757

RAY CAUSTON, left, and Frank Garfield hailed all the way from Alaska to compete in the INTERNATIONALS. Having promoted handgun silhouette shooting in Alaska they had little time to practice before the big match. Both were unclassified and had to shoot in AA with the big guns. Ray's 9th place overall against the best shooters in the country is a forewarning of things to come. Kathy Causton, our Alaska columnist, was home awaiting a new silhouette shooter, a baby girl, that arrived during the second day of the tournament. Ray rose to the occasion and happily passed out cigars.

**MESSAGE FROM THE DIRECTOR**

It has been an outstanding year for IHMSA. From our humble beginning at El Paso just over a year ago we are now 1300 strong and still growing. We have members in every state in the union and several foreign countries. As mentioned in the editorial on page two, we have sanctioned nearly 100 matches. Altogether, it is an achievement to be proud of, thanks to the outstanding efforts of all those dedicated people who have made it possible.

A few months ago it seemed that the International Championships would mark the end of the shooting season, but with interest in handgun silhouette shooting booming at an unparalleled rate, shooter demand has caused even more matches to be scheduled including four more State championships. Colorado on November 26, Oklahoma and Maine on December 3-4 and Arizona on December 18.

Two more clubs at opposite ends of the country are holding their first matches: Bill Kramer, a staunch IHMSA competitor and supporter has scheduled a match on November 19-20 at the Ojai Valley Gun Club in California. John Towle, master gunsmith from Conway, New Hampshire is hosting his first match in the Ossipee Valley. From William C. Herring comes a report of the first IHMSA match in Indiana at the Sycamore Valley Gun Club on October 15-16. Complete details will be

Continued on page 3

# INTERNATIONALS

We have requested several of our regular columnists to record their impression of the sights and sounds of the Internationals as follows: See center spread pages for photos and full results.

**FRESNO REPORT**

By Janice Stringfellow

Well, fellas, the Fresno crew went to the Internationals with high hopes and only had them dampened a bit.

Jim Davis, Glen Goerzen and their families arrived on Saturday to watch the action at the score boards; only to discover that the longer they watched the more up-tight they became. As we all know, you never want to see what the top score is. However, after a busy day and night, Sunday was sure to come, and sure enough Sunday brought in some hot shooters, including our own. Jim Davis in B Class went through and shot a 39, Glen Goerzen in A Class and Don Stoops shot a 34 standing.

Monday everyone was nervous; will their scores hold out, or will someone shoot a better score and take their win away? We all had to sweat it out for the remainder of the day. To take their minds off of the toils of the day Jim Davis

**SEVEN FROM TEXAS**

By Edd Page

Just like the Magnificent Seven, the IHMSA championships had seven from Texas invade the land of the steel silhouettes. Kent Volmer, Jim McGinnis, Terry Prentice, Dennis O'Keefe, Clyde Howard, Jesse Lotspeich, and myself wish to thank all the fine folks who put on such a great event.

Any national or international event will draw the finest competitors to its course, and all of the Texans will agree with me when I say it draws the finest personalities too.

Beyond the match itself, were three days of contact with sportsmen and industry reps that alone was well worth the trip. Just listening to the enthusiasm of the Thompson-Center Execs. was an education for me. As a firearms salesman, getting the straight talk on future products was a kick.

The team efforts of the various

Please turn to page 11

**SIGHTS AND SOUNDS**

by Diane Zuffe

The thrill of being a part of something new and vital is hard to describe adequately and this is especially true of the 1977 International Championships. No one at the first national match in Tucson or even the 57 of us at El Paso last year dreamed of what would happen in one short year. The difference between those days and Los Angeles was astonishing and no one was more aware of it than I as I looked around the first day at the range.

El Paso was my first silhouette match but most of the small group there could say the same. At the Angeles range — just 12 months later — steel shooters were everywhere and few novice competitors were among us.

The course of fire was a real test of shooting ability and stamina. (In fact, if the match is ever again held at the Angeles range, I'd like to have the

Please turn to page 10

# EDITORIAL IHMSA AND NRA

IHMSA was founded just over one year ago in response to the need and desire of big bore handgunners to have a standard set of rules for metallic silhouette shooting and an association to administer them.

From that beginning we have grown to an organization of nearly 1300 members in every state in the union and a few foreign countries. Virtually all of them are active handgunners. We have sanctioned just under 100 handgun silhouette matches including state, regional and International championships during 1977. It is an accomplishment of which we are justly proud.

In 1973, NRA recognized metallic silhouette shooting for High power rifle competition and by 1976 had 1400 classified shooters with 74 sanctioned tournaments being held during that year. Interest and competition has increased to the point where the range capacity of 288 shooters was filled for the 1977 NRA National Championships held at Black Canyon range in Phoenix over the Labor Day weekend.

After the Cincinnati meetings, NRA President Mustin appointed more members to the NRA silhouette committee and issued instructions to explore and develop other forms of metallic silhouette shooting in addition to high power rifle. Foremost were smallbore rifle and pistol.

The NRA committee developed rules

for smallbore rifle and for two divisions of handgun competition, Long range pistol and Short range pistol.

As IHMSA is involved only in Long range big bore competition the discussion hereafter will be limited only to this division of shooting as regards IHMSA and NRA.

In short, recognizing IHMSA's experience in this field, NRA followed the lead of IHMSA in several areas. In turn, IHMSA, at their Executive meeting a week after the NRA silhouette committee meeting, followed NRA's lead in other areas, the net result being rules that are compatible to the point where any competitor can shoot his same equipment in an NRA match one weekend and in an IHMSA match the next weekend without any changes, and in a variety of divisions and classes from production and modified guns to Unlimited gun, and in standing and freestyle positions.

IHMSA sees no conflict with NRA, and we are sure there will be occasions when a sponsoring club can and will host IHMSA matches, championship and otherwise one month, and similar NRA tournaments another month.

The entire approach by both organizations has been for the overall good of the sport and the best interests of the shooter. As we see it, there is a spirit of friendly cooperation on all sides, and at a time when the fraternity of sport-shooting handgunners needs all the togetherness it can get. Let's keep it that way!

## EXECUTIVE MEETING

The first main order of business at the Executive meeting on the evening of October 22 was the election of the International Executive Director. John Adams and Elgin Gates were nominated. Adams declined on the basis of family and business obligations and Gates was then elected by unanimous vote to a term of two years.

Recognition of Adams' long dedicated service and personal sacrifices for IHMSA were discussed and properly acknowledged by all present. Elgin Gates asked for a show of hands to appoint Adams as the first Life Member of IHMSA and Director Emeritus. The response was unanimous.

At Gates request, Bob Zwirz will continue as the Eastern Executive Director and Coordinator of the Advisory Committee. Gates then appointed Bert Stringfellow as the Western Executive Director and asked all State directors present to continue in their capacity. He then announced that other State Directors would be appointed as needed and committee assignments made. The regular order of business continued and carried over to the evening of October 23.

SPECIAL NOTE: AS WE GO TO PRESS THE 1978 RULE CHANGES ARE BEING FINALIZED. VIRTUALLY ALL OF THE CHANGES ARE PRINTED ELSEWHERE IN THIS ISSUE, AND WILL OFFICIALLY GO INTO EFFECT AS OF JANUARY 1, 1978, AND WILL BE PUBLISHED COMPLETE IN THE JANUARY ISSUE OF THE SILHOUETTE.

## Stringfellow appointed

Bert Stringfellow of Fresno, California, current State Director, has been appointed as Western Executive Director for IHMSA, effective as of the October 22 Executive meeting held during the International Championships.

Long experienced as a Match Director for handgun tournaments, Bert brings to IHMSA a solid background of sponsoring well run silhouette matches.

As a long time member of the Southwest pistol league, he served as editor of the league publication Combat, and has written technical articles on pistol shooting, reloading and various other handgun subjects for nationally circulated magazines.

In this area we are very pleased to publish a column by Bert in THE SILHOUETTE. In the still young sport of handgun metallic silhouette shooting there is a great shortage of solid ballistic information.

As Match Director of the Sierra pistol club of Fresno, Bert is ably assisted by his wife, Shirley, secretary-treasurer of the club (and it was Shirley who served as IHMSA secretary at our executive meetings) and daughter, Janice, 1975 Women's champion of the Southwest combat league. Janice also is IHMSA California Class B champion as well as our Fresno report columnist.

Known in the west as the Shooting Stringfellows, all three of them can be found at any silhouette match working in one capacity or another from Match Director to setting targets as well as competing in the match itself. In a phrase, IHMSA is fortunate to have the Stringfellows aboard.

# RULE CHANGES

NOTE: All new rules will go into effect as of January 1, 1978. For the balance of the year, the 1977 rules will apply although match sponsors, at their option, may include competition for any of the new classes.

At the IHMSA Executive meetings of October 22-23, the following proposals and rule changes were voted in for 1978:

1. In addition to our present categories of Production and Unlimited, IHMSA has added a third category to be called MODIFIED PRODUCTION as follows:

MODIFIED PRODUCTION being a gun with the original barrel, caliber, frame and sight radius as manufactured. Allowable modifications to include any metallic sight combination, target triggers and trigger shoes, recoil reducing modifications such as Mag-na-porting or other gas venting, accessory ribs and any internal modifications. Custom grips will be allowed so long as they do not support the wrist or arm. OVERALL WEIGHT not to exceed 3 3/4 pounds, unloaded, barrel length not to exceed 15-inches.

The Modified Production category will be shot OPEN CLASS, FREESTYLE position.

During 1978, should enough competition develop in this category to so warrant, then IHMSA, upon approval of the Directors, will recognize modified production classes by averages.

2. An OPEN STANDING class has officially been added to the production category. Any standing position will be allowed with the gun being supported only by one or both hands. During 1978, should enough competition develop in this class to so warrant, then IHMSA, upon approval of the Directors, will add additional Standing classes by averages.

3. IHMSA HAS adopted a weight limit of 3 3/4 pounds, unloaded, for the Modified production category, and a weight of 4 1/2 pounds for the Production and Unlimited categories, and a barrel length of 15-inches for all categories and classes, Production, Modified production and Unlimited.

4. Note: No proposals or motions for any type of scoped handgun competition were passed due to the lack of interest throughout IHMSA's membership.

5. IHMSA has adopted a new production gun class to be known as AAA. At the same time, all averages in the production gun category have been revised as follows:

- AAA 30 to 40
- AA 24 to 29
- A 18 to 23
- B 0 to 17

6. The Unlimited category has been divided into two classes as follows:

- AAA 35 to 40
- AA 34 and under

7. A motion was passed that any match sponsor could schedule any or all categories and classes at his option to meet whatever competition is available in his area.

8. Classification cards will be developed, probably on the back of the membership card, and must be presented at any match, properly filled in with the shooter's previous scores.

9. A mandatory rule was passed providing for the placement of the rams on their stands. "The rams shall be placed so that the center of gravity is no more than one inch in front of the topple point."

As a simple explanation, the official width of the ram's feet is 4-inches. The rams should be moved carefully backward on their stands with the feet overhanging to the backside until the topple point is achieved. From that point they may be moved forward to achieve stability but, as the rule calls for, not more than one inch forward of this topple point. It is suggested that this final resting place be marked by spraying around the feet with black target paint or otherwise so that the rams may be replaced in the same place each time they are reset.

Special Note: The Stillwater Firearms Association of Fallon, Nevada has designed what we consider to be the best stand possible for the rams. A self-addressed envelope will bring a copy of the diagram from Tom Lammel, 1225 Gumwood Dr., Fallon, Nevada 89406.

10. Trigger pull. A motion carried that any safe trigger not subject to accidental discharge would be allowed.

Should any round be discharged before the command to load, the shooter would be disqualified for that day. Should any round be fired after the command to load, but before the command to fire it will be judged a lost shot.

11. A unanimous vote that no alcohol or drugs be on or near the firing line of any range hosting an IHMSA match.

12. Motion passed that when a shooter fires his last unclassified score and becomes classified, he may re-fire in his class for record only on that day, not for trophy.

13. Step-ups: A step-up rule was passed that if a competitor wishes to shoot his production gun in the modified class and/or the Unlimited class, he must first shoot his production gun in his production class for record, and then in the Modified class and finally in the Unlimited class in that order.

14. There was a unanimous vote to include a sportsmanship rule to deal with unsportsmanlike conduct and behavior with authority for disciplinary action to be taken by the board of Directors.

15. International Championships: Motion passed that any club, group or organization desiring to bid for the Internationals should submit a bid by April 1, 1978, at which time the Championships committee would consider all bids with the primary consideration being the best interests of the shooters and IHMSA, and then submit said bids to the full Board of Directors for final decision.

16. Several items, while not made part of the official rules, were suggested as recommendations to sponsoring clubs or were left to the option of said clubs.

Ascension Silhouette  
Gonzales, Louisiana  
Charlie Braud  
1-5-2020

Not much to report from our January match. Only two scores were posted. Clay Marix shot a 39X40 in UAS with a Ruger Charger and Ellis Sisk shot a 38X40 in Practical Hunter with a FA revolver. We also had a couple of NRA Cowboy Rifle shooters .

We had a pleasant day today but the range was rather soggy due to recent rains. Steve Hernandez shot a respectable Standing score of 20X40 with a Ruger MK. Ellis Sisk had a solid score of 37X40 in PHSC using a FA revolver. Ellis then fired a 21X40 in PHSC with an iron sighted Ruger Blackhawk 30 Carbine, getting his sight settings as he went. My brother Philip was in his usual form posting a pair of perfect scores in UAS and PHSC. I struggled through an Unlimited entry to manage a 34X40. The old eyes aren't what they used to be. We also had some NRA Cowboy Lever Action shooters today and their scores are below. Thanks to everyone who helped with target setting and picking up the targets and rails after the match.

We had a decent crowd for our March match. The father and daughter team of David Heintz and Kayla Bonner made their first appearance of the year and Carey Templet joined us for his first match this season. We're glad y'all could make it. I decided that I'm going to campaign my iron sighted DW 357 in PHSC this year. I have no hopes of dominating the category but I don't care much about that anymore. I just want to shoot and have some fun. I was able to manage a 33X40 with a cast bullet load. I designed a bullet specifically for PHSC and had a custom mold cut for it. I'm seeing a lot of potential for this new 140 grain bullet. Carey Templet used his TC 22 Hornet and easily topped my PH score. Ellis Sisk rounded out PHSC field with a 29X40 using a

Blackhawk 30 Carbine. Steve Hernandez managed a 17X40 in the Standing category. Clay Marix shot the best UAS score of the day with a 38X40. Ellis Sisk shot a very respectable 39X40 in PH22 using a FA revolver. We also had 3 NRA Cowboy Lever Action Rifle shooters but I did not get their scores. Once again, thanks to everyone who helped pick up the targets and rails after the match.

**REGION 3****OHIO**Logan Handgun AssociationBellefontaine, Ohio9-28-2019

We had absolutely perfect weather conditions for our September match with nearly 40 entries for the day. The scores were outstanding too with a total of 8 40x40s shot in various classes.

In BB U-INT Bob Ochs, Brian Evans and Bruce Smith all shot 40 plus 4 shoot offs with Bob Ochs taking the win by reverse shoot off count. Reverse shoot off count was also needed for Lynn Shultz to take the top spot in BB UAS-INT over Steve Powell and Tom Wood who also had 40s. It's the first time in the last several years I can remember so many close scores decided by our unique reverse shoot off score system so I guess it works as designed. Steve Powell went on to shoot a 40 plus 8 shoot offs in UASHS-INT. Good shooting guys!

In SB Jim Kesser used an interesting sight set up to shoot a great P-INT 39x40 using his FA in the flop position. Marshall Walker

knocked on the international door again this month in UAS-AAA with another 39x40.

In FP PAS-AAA Bill Urbank hit 29, one more than Brian Evans 28 for the win.

It was a great match with several close scores decided by one target and shoot of count to make the competition great. Congratulations to all. As always a big thanks to all who helped set up and tear down the match. It is greatly appreciated as well as your generous donations to our 4H target setters. Thank you very much!

October 26th is our last match of the year so mark your schedules now and let's make it a good one weather permitting. Till then, safe shooting, Steve

**TEXAS**CTSANew Braunfels, TexasTerry Batts2-8-2020

The 2020 Silhouette season got started as scheduled (no rain-out). Thanks to everyone that braved the dicey conditions and shot on Sunday. Saturday turned out to be very nice weather, but Sunday was another story. At 0800, the fog hid the 100 meter line and by 0900 you could make out the 200 meter line. So we went ahead and got shooters on the line, which was wet. The misty wet air wet everyone's glasses, guns and scopes. By 1100 the fog and mist were gone, but the weather prognosticators called for rain moving in around 1400 (didn't happen). So we got the match in, targets picked up and went home.

Thanks to Joe for calling the line, helping setup and putting up targets (also David Browns help). Joe/Teresa had Anders for the weekend and he was entertaining as always. He was able to get some supervised practice in on Friday. Hopefully, he will be shooting with us in a year or two. It was good to see Steve and Dawn Jones make it up to the match. Steve shot our only 40 of the match in PHSC. David Brown had a 39 (damn pig ducked). Robin Weaver had an excellent PAS score of 32. There were several near 40s, but no wee-oo. One day and hoping.

Hopefully next month the weather will be better and everyone can shoot everything they brought.

UASHS-INT					
Terry Batts	XP/6TCU	34-8R	Our March match had much better weather than last month. It was a little cool, breezy and a light fog Sunday morning. Other than that, the weather cooperated very well unless you were shooting standing or in a shoot-off.		
John Weaver	XP/22BR	34-7R			
UASHS-AA					
David Brown	TC/223	34	We had four 40s shot amongst the disciplines and two almost (Robin Weaver and myself). Congratulations to the 40 shooters. Two of the 40s were in 22 UAS and the shoot-off was entertaining with the wind. It took 10 rounds to settle. The wind calmed before the load command, then started gusting with while shooting for both banks of targets. Jacob Weaver, a junior shooter for one more year, ended up winning the shoot-off. Congratulations to both shooters. John Weaver had an excellent outing in FP with a P-I 36 & a PAS-I 27.		
<b>Small Bore</b>					
P-INT					
Joe Coleman	FA/22LR	27	Thanks to Joe for calling the line and everyone helping setup and pick up targets. Joe/Teresa had Anders (5 y.o. grandson) again and he was very entertaining. He figured out how to successfully and safely drive the golf cart by himself. Lance Burrow brought sausages on Sunday and cooked them for us after he finished shooting. The target setters and everyone enjoyed them.

Our inaugural match of the season allowed our shooters to get out to shake the rust out. With so many of our scores below our classifications, I believe it was shaking the rust out of our trigger fingers and sighting eyes since there was a beautiful array of guns including Janie Porter's classic, 8 inch blued python, Nolan Golden's new banana yellow XP, new shooter Britt Hawkins' engraved Ruger Blackhawk, the beautifully built MOAs, FAs and DWs of silhouette history and the shiny, brass framed Henrys in CLR. It was rather cold setting up, but warmed up enough by match time that it was just chilly and the wind died down for the first part of the match.

Practical Hunter is a favorite discipline of our club and Janie Porter bested the rest of the PH22 shooters who were all in AAA with her 37. She even shot a re-entry of 38. We had a number of Big Bore entries scattered all over the classes and categories. It was good to see the father-son duo of Ray and Nolan Golden joining us from Aledo. Britt Hawkins was a new shooter and we hope he got bit by the bug and we'll see him again.

With Ray's mule refusing to run properly, we had to set all targets by foot. Thanks to all the shooters that helped set targets including the trek down to the Big-Bore rams and turkeys. Thanks to the Porters for helping out the new shooters while I called the line and for calling the line in the afternoon so I could shoot. I discovered one advantage to shooting in the afternoon is that by that time Richard Porter had "hand mowed" all the weeds in the way of the targets that we didn't notice till we started shooting.

Look forward to seeing everyone at the next match on 7 March.

Weather report – wind and lots of it. I'd guess 25-30 mph letting up slightly on occasion, but usually only while we set targets. It was a bit chilly as we got started, but did warm up.

We had most of our regular crew. Missed you Roger. It was good to see the father-son Golden duo one more time before Nolan's baseball season gets underway. We had 2 "new" shooters. Ben "BF" Townsend and his friend Hank came out to shoot some "bordello", .22 and big bore. BF is actually a silhouette shooter from long back. It was good to have you out again.

Despite the wind, Dale managed to post 4 40s including re-entries and "disappointed" us with "only" a 38 for his fifth score of the day. I think he likes those scope-sighted Brownings. Nolan seems to be enjoying his new, bright yellow XP and bested last month's score by 6 which is great considering what the wind likes to do to those tiny .22 caliber bullets. Ray Fried even braved standing with his lever gun after spending most of the day setting targets for the rest of us to enjoy. I even shot my best BB production score in a long time.

As always, a huge thanks to Ray Fried for bringing the Kawasaki mule to ease target setting and for manning it most of the day to set the heavy big bore targets and whatever else he could pick up. Thanks to Richard, Ray and Dale for helping setup the range and everyone for helping to reset targets all day and to pick up the targets at the end. Ray Golden's niece came out to watch, but jumped on the mule and helped reset targets between relays. Also thanks to Janie for calling the line so I could get a couple of guns in myself. It was weird how Janie was so clear on the mike and I was often garbled, but we think we've worked out why I was garbled and it should be better next month.

Hope everyone can make it next month for our 4 April match. It was decided that we will be having a July match since it looks

like there are enough interest. That will be on Independence Day. It'll be a great way to celebrate our nation's founding using our firearms just as our founding fathers and the unknown patriots as well as generations of other selfless Americans used theirs to secure our freedoms.

We had a great showing today with 12 shooters on the line. Thanks to Dan M. for visiting us from Wyoming and shooting some big bore with Kieran. Our target setter brought one of his uncles' guns and shot a 17 for his first time out. I know he will be improving quickly. Mike and Jeffo shot the air pistols and the rest of us took care of the small bore and field pistol. Weather was great and we had a good time. Thanks for all the help putting targets away.

Up to 5 shooters this month. It was a cold snap and that kept some shooters home. We all shot .22 and will hope for more shooters next month. 3 of the guys shot it out for US AAA and Mike took it. February will be the last match before the State Championship in Phoenix. I know some of us are campers and we can camp not far from the firing line. Who is up for that?

New year is here and so it is time to renew our membership in IHMSA. The website is easy if you use the "Membership via Paypal" button on the homepage. I should have sent this in Dec as the dues are due Jan 1.

1-4-2020

We put 15 entries across the line this month. Temperatures were hovering around freezing when I arrived at the range. Another match for the wood stove. The temperatures rose to the low 40's by the end of the match. We had wind, wind with rain, sun breaks, dark clouds with torrential rain. Pretty much everything but snow!! On to the results of the match.

One 40 shot this month. I posted an U-Int, 40 followed Richard Nicol posting a U-AAA, 31 edging out Joe Stumpf with a U-AAA, 30. Ron Craig posted a U-AA, 23. I posted a P-Int, 34 followed by Joe Stumpf with a P-AA and Steve Bishop with a P-AAA20. Steve Bishop posted a R-AAA, 25 followed by Joe Stumpf with a R-AA, 23.

In Field Pistol I posted a PAS-AAA, 19 followed by Joe Stumpf with a PAS-AA, 10. Looks like we both need a little practice.

Our target setter did a fantastic job again this month. Thanks to all who came out to shoot the match and also to those who stayed to help pick up targets after the match.

Until next time shoot straight and be safe

2-1-2020

We put 15 entries across the line this month. Temperatures were hovering around 40 degrees when I arrived at the range. The forecast was for rain. About the time the match started so did the rain or should I say deluge. It only lasted about an hour then it stopped. It remained cloudy for most of the day with some sun breaks but turned out to be a pretty nice day for this time of the year. On to the results of the match.

One 40 shot this month. I posted an U-Int, 40 followed Jim Harris with a U-Int, 39 and Richard Nicol posting a U-AAA, 33. Jim also posted a P-Int, 34. In UASHS I posted a UASHS-Int, 34 followed by Steve Bishop with a UASHS-AA, 33.

In Field Pistol I posted a PAS-AAA, 20 followed by Joe Stumpf with a PAS-AA, 12.

Our target setter did a fantastic job again this month. Thanks to all who came out to shoot the match and also to those who stayed to help pick up targets after the match.

Until next time shoot straight and be safe.

We put 17 entries across the line this month. Temperatures were hovering around 35 degrees when I arrived at the range. It warmed up to about 45 by the end of the match. The forecast was for overcast skies with chances of rain showers. It started sprinkling around noon and did that off and on throughout the match. We had one new shooter this month. Ron Craig brought a fellow retiree, Greg Minevich to come shoot with us. Hopefully he will become a regular and join IHMSA. On to the results of the match.

One 40 shot this month. I posted an U-Int, 40 followed by Jim Harris with a U-Int, 38 and Steve Bishop with an U-AAA, 31. Jim also posted a P-Int, 37 followed by Joe Stumpf with a P-AA, 20. In Revolver I eked out a R-Int 32 after finding out my front sight was loose the last time I had shot it and tightening it back up. I was wondering why the last several times I had shot it my sight settings have been inconsistent and all over the place. Note to self, check you equipment periodically. In UASHS Steve Bishop with a UASHS-AA, 34.

In Field Pistol Joe Stumpf posted a PAS-AA, 7 followed by a P-A, 6.

In Smallbore Ron Craig posted an US-A, 25 giving him a leg into AA. I managed a S-AAA, 20.

Our target setter did a fantastic job again this month. Thanks to all who came out to shoot the match and also to those who stayed

to help pick up targets after the match.  
Until next time shoot straight and be safe.
