We had a very lite turn out for our June match with around 15 entries for the day due to threatening weather. We did have to pause the match for about an hour for a mid day storm and threatening lightning but we were able to get back to shooting when the storm passed. It was great to have Doug and April Edney from Pennsylvania join us to get a few guns in as they passed through on their way to Michigan to shoot another match the next day. Despite the weather we did have some good scores fired between the storms and dark skies. In big bore unlimited Bob Oches shot a 40x40 and Steve Powell got all of them in UAS. Funny story about UAS and a guy named Rich Baird who also HIT 40x40 but only knocked down 34 because he used his baby flop gun 221 fireball. I think he started head shooting them a little to late? Good shooting Rich. In small bore Gordon Lash shot a 40x40 and 7 of the little ones in UAS. Overall we had a good match despite the weather and low turnout and we thank everyone for following the social distancing and Covid-19 rules. We also incorporated the use of chamber flags for an additional safety precaution and that went very well with the new range commands and procedures. A huge thanks for your generous tips to the target setters who stuck it out through the rain storms, they did a great job! Hope to see everyone next month, till then, safe shooting, Steve
