2015 West Coast Championships

June 16-20 2015

By 19Turkeys

First and Foremost, a big thank you goes out to those folks that made this match possible. Mike & Tyler Abel and Rick Redd worked diligently on Sunday before the match getting the range ready. Mike (Boomer) Aber was ever faithful every day checking guns, and Paul Hoadley was Super Welder keeping us in targets. And a special thanks goes out to Bret Stuntebeck for being the consummate brew master and fisherman and to Steve Parsons for cooking the fish and all the shooters & significant others that contributed side dishes and desserts for the Wednesday night fish fry.

Also, thanks to all our travelers from around the US, Canada and Australia because we just could not put this match on without the dedication you make coming and supporting us.

Last year was the first year we awarded the Ted Zysk Dragonslayer trophy for the highest UFS/UHS aggregate. Eric King shot a 110 aggregate and is now the proud possessor of the trophy for a year.

It should be no shock that Joe Cullison was our Iron Man this year with a 435 8 gun aggregate. Joe also won the BB & SB 4 gun and Standing aggregates as well as the Field Pistol aggregate.

Rick Redd took the Half Scale and One-Fifth Scale aggregates & Shirley Bakken was High Lady.

Other notable accomplishments were Russell Mowles winning the FP-PAS championship coming out of AA class to beat the AAA & INT shooters. Russell also took the BB-U title. It was his last gun and he needed a 60 plus 4 shoot-off targets to win it straight out. He whacked the first 4 and the deed was done.

It was interesting that the father/son duo of Mike & Tyler Abel were in 3 shoot-offs. Mike took the UASHS title and Tyler took the SB U & UAS titles.

Editors Report

By Dan Hagerty

First and Foremost, You will notice that this issue looks different compared to previous issues. This is because, The Old Desktop publishing program was giving me so much problems, I had to switch to the new program. I am learning this new program from scratch and it is a steep learning curve.

If you notice, you will see no President's report for this issue. Expect to see 2 reports in the August issue. One will be from Nancy Lacroix as her last report and one from Steve Martens as his first report as new IHMSA President.

Also, you will have no match reports in this issue. Because I was at the world championships and from learning this new Program, I just did not have time to get them entered. BUT, you will notice I finally was able to get the match schedule into the Paper!

Joe Frey seems to have fallen off the face of the earth. I just cannot get hold of him at all. Because of this, If you sent anything to Joe either for the News or for the marksmanship program, you probably will never see them printed.

And Dave Edney has graciously accepted to take over the Marksmanship Program! Please take the time to congratulate him!

Also, we have some people working on upgrading the Imatch program to work with new Windows versions. This is a program that badly needs updating!

I have been going through Old copies of the IHMSA News and I have some Ideas for the IHMSA News. One is to try to bring back the Old Cast Bullet program. I hope I can find a Volunteer to write this. I do not expect them to bring back the Old Postal league, but just provide tips and tricks in bullet Casting and reloading. I am also in the process of writing some articles to Help Old and new shooters alike. And Last, If somebody is willing to review a product or provide an article of interest to shooters, Please send it to me and I will print it! I am trying to bring back a newspaper that will be informative to our members.

I am in the process at looking at new Printers. I am looking at a Wide format Color Laser printer that will allow me to provide a printed copy that will be much easier to read. I already have a wide format printer, but the print quality is poor and Costs a lot to print copies from. It Just does not handle the job that is needed for the News.

And Last, I am working with Cindy Smith (IHMSA Headquarters) and working on the Membership database. This is going to be a BIG job for me. But if I succeed, I will have a fully working email database to send emails to members. I am also hoping it will allow Cindy to send an email when your Membership comes due for renewal instead of a Postcard as we have done in the past.

And again here is my contact Info: (phone is worst for me. I am notorious for losing my phone!)

IHMSA Bulletin Board

Installment Plan Life Memberships

The Installment Plan for Life Membership allows you to purchase a Life Membership by making four monthly payments of \$105.00 each (a total of \$420.00), or in the case of a spouse two \$50.00 each (a total of \$100.00). When your last payment is received, Headquarters will send your Life membership card, certificate, and pin.

If you're in the middle of your membership year, you can purchase a Life Membership now and apply the unused portion of your current membership. Call IHMSA Headquarters at (801) 733-8423 to find out how much credit you'll received for your current membership.

Life Membership is a great way to enjoy IHMSA for years without the hassle of paying yearly dues and show your support of IHMSA at the same time... order yours today!!!

2014 Rule Books

Dear IHMSA Members,

In an effort to keep costs down and with the only changes being the addition of the Practical Hunter category, Headquarters has been directed to not print the IHMSA Rule Book for 2014, but to send an addendum with these changes instead.

We understand that it is important for the membership to have access to the rules. Therefore, since the 2014 rule book is available on our website (go to ihmsa.org, then click on the RULES link). Headquarters is being directed to only send rule books with New Memberships and upon request for replacement. If you need a rule book, please contact headquarters.

Thank you for your patience and understanding in this matter.

Nancy LaCroix
IHMSA President

Rules Addendum: Practical Hunter

Class Description: All 3 classes are to be shot from any SAFE freestyle position including prone, kneeling, sitting, or standing.

The Practical Hunter Long Course will be shot on the 200 meter Big Bore range with the standard full size targets at their normal ranges.

The Practical Hunter Short Course will be shot on the 100 meter Field Pistol range with the standard targets at their normal ranges, using standard field pistol cartridges only.

The Practical Hunter .22LR Course will be shot on the 100 yard SB range with the standard Small Bore targets at their normal ranges.

Class Rules:

- Any hunting style handgun with

a maximum overall length of 21 inches.

- Optics are allowed up to a maximum of 6x power.
- Gun must be as manufactured with only cosmetic modifications.
- Ported barrels are allowed as long as they are shot from a safe position.
- A rest such as a bipod or a sand-bag supporting the barrel in a prone position may be used by a new unclassified shooter and by shooters in classes A and AA.

Classification Scores:

- A 0-15
- AA 16-25
- AAA 26-38
- INT 39-40

NOTICE

The IHMSA Board of Directors have voted to allow the printing of NRA match results in the *IHMSA News*, providing they are submitted by a club that is running dual (IHMSA/NRA) sanctioned events.

These results must be submitted by the established deadline presented in the previous edition of the *IHMSA News*, with the Dual Sanction Match Write-up and will be listed at the end of the IHMSA related report. No NRA reports will be printed without IHMSA reports/scores accompanying them. **Please send all Match Reports to IHMSA, Inc., P.O. Box 22356, Cheyenne, WY. 82003 Phone - 801-733-8423, FAX: 801-733-8424**

SANCTION FEE NOTICE

Please make every attempt to send in your Sanction Fees promptly as the Sanction Fees help us pay for the printing of the Match Results.

Infrequently we have a club(s) that does not remit sanction fees for a match held. We understand club officers are busy, so we just send a gentle reminder. Still failing to receive the fees, a second notice is forwarded.

A final notice is sent if fees are still delinquent. After the final notice, the match dates will be deleted from the match schedule and the club's sanction will be withdrawn until the fees are received.

THE NEW SILHOUETTER

Leupold Golden Ring Spotting Scope - 80mm

By Ken Horowitz

If I am singing the Christmas carol or simply asking "Do you see what I see"? while I am using Leupold's new 80mm Golden Ring Spotting Scope, chances are your answer will be "No." That's especially true as distances increase and the images (usually bullet marks or holes) are smaller or as lighting gets dimmer. The superb optics, including the large 80mm objective lens give this spotting scope an edge over just about anything out there, including some very overpriced imports. While the optics give the image, Leupold's precision and rugged construction give the reliability. Add to that a no nonsense product guarantee that may be the best in the business, or for that matter, maybe the best of any product, anywhere, and this spotting scope is a sure winner.

Before I get into my experiences with this spotting scope, here are the technical specifications, lifted directly from the Leupold website:

Actual Magnification	20.00 x	60.00 x
Linear Field of View (ft/1000 yd)	121.00 ft	42.00 ft
Linear Field of View (m/1000 m)	37.00 m	13.00 m
Angular FOV (degrees)	2.30 degrees	0.80 degrees
Twilight Factor	69.30	40.00
Exit Pupil (mm)	4.10 mm	1.30 mm
Eye Relief (mm)	30.00 mm	30.00 mm

Objective Clear Aperture (mm)	80.00 mm
Length (in)	15.50 in
Length (mm)	394.00 mm
Weight (oz)	61.80 oz
Weight (g)	1752.00 g
Close Focus Distance	25.00 ft
Close Focus Distance (m)	7.60 m

For those of you familiar with optics specifications, you can see how good these numbers are. The light gathering ability, as per the twilight factor (anything greater than about 17 is good for low light) is really good.

But really, for many shooters, the above technical specifications don't matter as much as simple questions such as: Is the image clear? Can I focus easily? Can I see what I want to see? For this, much less scientific, in the field use, is required for evaluation.

Perhaps because I anticipated delivery of this new spotting scope for so long, I was eager and quick to begin evaluating it. The UPS guy left it by my front door on Friday, May 1. That same afternoon, I opened it and soon had an audience of my inquisitive granddaughter, who immediately wanted to see what I was seeing through my kitchen window with the scope perched on top of the product box. Within a few minutes, I grabbed a sturdy tripod and the two of us headed for the backyard deck.

After fiddling with the adjustments at various objects multiple neighbors away, our attention was directed to the soccer game taking place on the other side of a stand of trees separating my house from the adjacent school fields. With the leaves just unfolding, seeing through the woods was easy enough and the wows that both of us uttered to each other as we focused on soccer balls, netting (we could see the details of each knot) and other items barely visible or invisible to the naked eye, were frequent.

My granddaughter soon changed our sighting targets to a squirrel's nest, followed by various birds. We never did find a woodpecker whose sounds put it somewhere up the hill where the trees got pretty dense and we had no way of narrowing where the sound originated or on what side of any tree. I continued to run the scope through its paces for about an hour after the grandkids had to go home.

Two days later, on Sunday, I was at the range for an IHMSA match where I could test the scope at known ranges from 25 yards to 200 yards. In a sense, it was a shame that it was such a clear bright day. I would have rather have had more adverse conditions. With the weather so nice, performance from this scope was a no-brainer. Nevertheless, here are some observations from the first day in the field.

All distances provided clear undistorted views. At closer distances however, focusing required attention to the knob. While the specifications have a close focus distance of 25 feet, it was easy to get out of focus by only a wee touch of the adjustment knob at the Field Pistol chickens at 25 yards. The farther the distance, the more forgiving the fine adjustments became. It was easier to focus at 50 yards for the Field Pistol pigs. By the time I came to the 75 yard turkeys and 100 yard rams, focusing was extremely quick; getting sharp images running the magnification ring from 20x to 60x was incredibly easy.

My next entry was Big Bore half-scale. Starting with chickens at 50 meters, every imperfection on the steel was incredibly apparent. The 50 meter pigs couldn't hide. It really got interesting on the 150 meter turkeys. Although it was a bright day, the turkeys were still in the shade. Painted white with a dark steel (i.e., rusty) bullet deflector behind them, it was hard to pick them out with the fine reticle of my pistol scope. Nevertheless, the spotting scope made them stand out easily, including every mark (and unfortunately, few of them from my bullets).

The rams presented an opposite problem with lighting. They were in full sun, painted white with a light colored dirt background. With the naked eye, some shooters couldn't even see the half-scale targets. The only way I knew there was a third ram was by the gap between number two and number four. With the spotting scope, everything was clear.

On a subsequent trip, I was able to pick out tiny .223 holes in paper targets at the 200 yard berm. Sure, I had to pay close attention to focusing, but once acquired, the holes, tiny as they were, were quite visible. For my CMP matches, when I use my AR-15, this would be an ideal spotting scope (although I would prefer it had an angled eyepiece for prone shooting).

200 yards is one thing but how about farther? A good place for this in my town is where two adjacent schools are bordered by multiple township soccer fields. The flat fields give unobstructed views and using a Leupold Rangefinder, I could pick out and measure distances to areas along the school buildings such as windows, gutters, leaders, vents and so forth going out several hundred yards. Then there was a gap followed by telephone poles and houses beyond. While the images got smaller, the clarity and ability to pick out objects was superb with the Golden Ring Spotting Scope.

Then one night I happened to notice a planet to the west of a crescent moon. I assumed it was Venus, but later Googled it and found out it was Jupiter. Arriving home, I grabbed the Golden Ring Spotting Scope and found the planet. It was very clear but hardly spectacular, since the last time I viewed Jupiter was when it was the closest to Earth and I could then see its four major moons. At that time, there had been a full Moon which could not be comfortably (or I guess, safely) viewed with a good spotting scope due to its extreme brightness. But I thought I'd take a chance with the crescent.

I am so glad I did because the Moon's image was truly beyond spectacular. The clarity of the craters and what I'm guessing was the Sea of Tranquility was mesmerizing. A few days later on Memorial Day, with a half-Moon visible during late daylight hours all the kids at our Holiday party were fascinated by the images of the Moon. Once the adults saw the excitement of the youngsters, they too lined up to wait for a turn to see the Moon as they had never before seen it.

So, whether you're looking hundreds of yards downrange or hundreds of thousands of miles at the Moon or hundreds of millions of miles to Jupiter, this is one very capable instrument. The optics are outstanding and it is one very rugged unit.

As for the Leupold's "Full Lifetime Transferrable Guarantee" and warrantee against manufacturing or material defects, here's a portion of the blurb from the operating instructions:

"...repair or replace it. FREE. Even if you are not the original owner. . . . Leupold is convinced of the high-quality and reliability of its Golden Ring products. That's why each U.S. customer is afforded a lifetime guarantee." Now that's something that speaks for itself.

For further information contact Leupold & Stevens, Inc., PO Box 688, Beaverton, OR 97075-0688, 800-LEUPOLD (538-7653), Fax: 503-526-1475, www.leupold.com.

Marksmanship Competition

The Burris cup:

Scoped .22 Long rifle caliber Handguns only. Your best 5-shot group at 100 yards or meters. Guns may be bench rested over any solid rest as long as the gun is not in a ransom rest, vise or any other mechanical clamping device. Lying on your back in a freestyle position and piling sandbags by your body for support is legal. This will allow scoped guns setup for Creedmoor to better compete.

The Weaver Trophy:

Scoped centerfire handguns. Your best 5-shot group at 100 yards or meters. Guns may be bench rested over any solid rest as long as the gun is not in a ransom rest, vise or any other mechanical clamping device. Lying on your back in a freestyle position and piling sandbags by your body for support is legal. This will allow scoped guns setup for Creedmoor to better compete.

The Merit Challenge:

Centerfire handguns with iron/open sights. Your best 5-shot group at 100 Yards or Meters. Groups must be fired from an IHMSA legal position. No benchrest or artificial support allowed.

The Daisy Avanti Trophy:

AIR production guns with iron/open sights. Your best 5-shot group at 18 Yards. Groups must be fired from an IHMSA legal position. No benchrest or artificial support allowed.

General Rules:

All entries must be shot with IHMSA legal guns. Production, Revolver, and Unlimited guns are allowed in the Burris, Weaver and Merit classes.

Witness:

Winning groups must be witnessed by an IHMSA or NRA member. Eligible winning targets must be signed and dated by the shooter and witness. Also, please include the shooters IHMSA number and the witness's IHMSA or NRA number by their name. A witness is not required to enter but is required to win.

Targets:

Targets submitted must contain no more and no less than 5 shots in each bull zone.

Marksmanship Program:

by your news editor!

Since Joe Frey seems to have disappeared off the face of the Earth, Dave Edney has graciously accepted to take over running the Marksmanship program. Since this is both new to me and Dave, we might make some mistakes in the first couple of issues.

If you sent some targets to Joe, We will probably never see them. Now Please send your targets to Dave so we can get the program restarted!

Please send your targets to:

Dave Edney

Field Pistol Records Program

By Al Kuenn

7-15-15

Carl Skidmore got on the board this year, shooting a 33 PAS and a 29 Prod. Both of those were shot with a 22Hornet in a Contender. Carls shoots at the Pickaway Co. sportsman club in Circleville, OH.

We also have some scores from the West Coast Championship match. Joe Cullison and Jim Kesser both shot Prod scores that qualify. Joe shot a 52 which converts to a 34 and Jim shot a 50 which converts to a 33. So Joe now leads both PAS and Prod for the year so far. Nice shooting gents!

Shoot well and shoot often.

Send your scores to Al Kuenn, 5725 E Peak View Rd, Cave Creek, Arizona 85331 or e-mail to: allank@cox.net.

1/2 and 1/5 Scale Records

July 2015

By Jim Harris

A few outstanding scores from the just completed West Coast Championship in Grants Pass, Oregon.

Father/son team of Mike and Tyler Abel both shot 1/2 Scale UAS 60x60, Mike winning the championship in shoot-off.

Richard Redd had a terrific match at Grants Pass with his first perfect open sight 1/2 Scale score, 60x60! He also fired a great 60 in 1/5 Scale UAS, as well as entering the 1/2 Aggregate with a 117x120.

In other news, Steve Soya added to his 1/2 Scale UAS and another in a his 1/5 Scale UAS 40x40 total.

Michael Graves, Dennis Edwards and Harry Sharp all entered 1/2 UAS with their first 40s of the year.

JR Ray increased his 1/2 Agg standing by adding another 77 to his tally.

Dave Smith shot his first 1/5 UAS 40x40 of the year.

Congrats to all these fine shooters for their accomplishments!

Send your records notices to me at harrisgrp@earthlink.net, or my home address: 1567 Bridget Ave., Simi Valley, CA 93065. Or give me a call at (805) 581-0009.

40x40

IHMSA: Big Bore, Small Bore, Field Pistol, and Half Scale.

NRA: Cowboy Lever Action, Pistol Cartridge Cowboy Lever Action, Smallbore Cowboy Rifle, and Smallbore Rifle

Friday: Small Bore and Field Pistol categories only. 8:00 AM start. Last gun goes on the line at 4:00 PM.

Saturday: 8:00 AM start. All categories. Last gun goes on the line at 4:00 PM.

Sunday: 8:00 AM start. All categories. Last gun goes on the line at 1:40 PM.

\$9.00 for each entry.

BBQ dinner on Saturday evening in our IFSA Range Building, 6:00 PM. Bring your own meat. All else will be provided, including beer from Marcellar's.

GUN RAFFLE: To Be Decided (TBD).

PRIZE DRAWING: Numerous door prizes donated by local dealers. One drawing ticket per shooter. For the door prize drawings, shooter must be present at dinner to win.

Match Publication Policy

As we continually have new match directors, following is the IHMSA News' policy on publication of state, regional, and "specialty" match notices and match results.

Any IHMSA sanctioned club in good standing may publish a notice of their club's state or regional championship match at no charge for three months. State match notices are limited to 2 1/4 "x5". Regional match notices are limited to 4 3/4 "x5". If a club is holding a "specialty" match and that match does not replace one of these championships, the IHMSA News will publish a 2 1/4 "x5" notice at no charge one time. These notices will run in Section B only. The club may publish additional notices of the same size for \$45 per issue. Ads must be prepaid before printing. All payments are to be sent to IHMSA HQ, P.O. Box 22356, Cheyenne, WY 82003. The club may specify whether the paid notice is published in Section A or B.

State match results can list both first and second place finishes. Regional match results can list first, second, and third place finishes. "Specialty" matches replacing a state championship may publish first and second place finishes. "Specialty" matches replacing a regional championship may publish first, second, and third place finishes. All other match results wherein the total number of handgun silhouette entries exceeds 11 (including all IHMSA, NRA & non-member guests) can list only the first place finish. Matches with less than 11 total handgun entries as defined above can list all IHMSA handgun entrants and their place. Regardless of the above, all 40's, 60's, and 80's (depending on the number of rounds fired at the match) can be published from ANY IHMSA match.

An IHMSA club holding a dual sanctioned (IHMSA/NRA) match may submit a match report for publication in the IHMSA News containing both IHMSA and NRA results. The number of published NRA results may not exceed the number of published IHMSA results. Publication is limited to IHMSA sanctioned handgun disciplines only.

Please address any questions concerning this policy to your Regional Director.

**We would like to thank
our industry friends for
their continued support of
our sport**
