2016 IHMSA West Coast Championship

June 21-25 2016

By Steve Ware

First and most important thank you to everyone who made this match possible and made it the consummate IHMSA party: Paul Hoadley, Charlie Dean & Rick Redd for helping to install the new SB turkey stands, Mike & Cristine Able, Jerry Ray, Steve Parsons & Bret Stuntebeck, & Joe Cullison who helped groom the range, Paul Hoadley for welding our broken targets, Bret & Steve for the fish fry & beer, Dan Hagerty for the tri-tip barbecue and fixing guns, Joe & Tina Cullison for the venison/egg breakfast & all those who contributed to it, Mike "Boomer" Aber for weighing guns and running the air pistol range, Ron Silveira and Tom Santos for tearing down the air pistol range, and our "far travelers" Russell & Salley Mowles (Australia), Steve Parsons (SC) & Jim Kesser (OH). & Thanks would not be complete without recognition to all the ladies who contributed food and assistance. And thanks to the myriad of shooters who so graciously picked up all the targets while I finalized the match results. I am truly humbled by the support for this match.

Harry Sharp had an excellent match. He was our BB-P, Fifth Scale Unlimited, Half Scale Unlimited, and SB-P champion. He also took High Senior and won the Ted Zysk Memorial Dragon Slayer trophy. Joe Cullison faired well also taking BB-R, BB-S, BB-US, FP-P & PAS titles. He also shot the highest Big Bore & Small Bore 3 & 4 Gun Aggregates & took home the Iron Man award.

Scott Hull took the Air Pistol UAS championship and Paul Hoadley was our Air Pistol US champion. Dan Hagerty took the BB-U title in a nice shoot-off. Jerry Ray was our Fifth Scale UAS champion in a shoot-off that went several rounds. Charlie Dean took the SB-R title in a very fun shoot-off against Harry Sharp. Jim Kesser took the SB-S title. Eric King was our SB-U champion in a shoot-off that went several rounds, and Rick Redd was our SB-UAS champion. Dan Bucks rose to the occasion taking the Half Scale UAS title. Dan's a AAA shooter and he beat all the INT shooters in a shoot-off to take the title home.

We had 11 Practical Hunter entries this year; the most ever. Dan Bucks took the Long Course title, Val Shaver was our Short Course champion, and Jerry Napier took the 22LR title.

Again, thanks to all who came and shot with us. We greatly appreciate your support.

THE NEW SILHOUETTER

Leatherlock™ Deluxe Takedown

Shotgun Case

By Ken Horowitz

I have lots of gun cases, including my very first which is probably older than most of my readers. Although I don't use it much, that soft-sided case is still functional with a zipper that actually works. While soft-sided cases are sometimes more convenient and compact than hard cases, travelling between States I like to have something that locks and none of my soft cases permit that. So, over the years, my abundant collection of soft cases have been set aside in favor of hard cases for travel.

In hard cases, I have everything from low-end cases that cost just a few bucks (I once picked up a bunch of them for about 20¢ on the dollar at a clearance when Dick's Sporting Goods took over another store) up to an airline quality brick \$%#&house case that would probably support an elephant. This latter one is so heavy that it has wheels to support its heft and the two rifles it can carry.

While I've always looked at cases for simple functionality and the ability to comply with laws when travelling interstate, I do feel a bit understated when it comes to carrying an expensive gun in a utility case. While Dom Perignon may taste just as good from a plastic cup as it does from the finest crystal, there's something just not right with doing that.

Sporting Clays is the only discipline in which I've spent 4 digits of cash for a firearm, every other firearm that I own costing less than the \$1,000 mark (in most cases, much less). My most expensive shotguns include a 12 gauge Browning Over-Under and a Ruger 28 gauge Over-Under with full length Briley inserts for 410 Bore. As Over-Unders, both are takedown models and the Browning, with its 32" barrels, must be taken down for travel since it is too long for any of my cases. When I take the Browning to matches, I have to carefully make sure that the two parts do not touch in order to avoid scratches and other damage during

travel. Additionally, I have to do the same with the case full of choke tubes. Observing many other participants, it has always seemed much easier for them to pack their shotguns in their fitted cases. The cases also lend a bit of class to their acts. Often I've said to myself that I would get such a case, but I always thought them to be a bit on the pricey side.

Now I've discovered the Leatherlock™ Deluxe Takedown Shotgun Case by Birchwood Casey. It will do everything that a case should do, including providing protection and the ability to be locked during transportation. It's specifically designed for takedown shotguns and accommodates a 32" barrel with compartments to separate the pieces of the firearm as well as providing separate areas for accessories such as choke tubes. As well, it looks great!

Inside each section the shotgun is protected by plush fabric over foam that adequately secures each piece. Tie down straps secure the stock while the barrel, with forend attached, lays within padded brackets. A large additional compartment is more than adequate for choke tubes and other accessories. I keep all my choke tubes for my Browning in a two sided fishing lure box that will fit in the case with room to spare.

The outside has art meeting science with its faux leather covering and brass finished hinges, latches and corners. If you told me this was real leather and if I had not verified with a magnet that the metal parts were actual ferrous, I could not tell the difference. The brass finish has that nice aged patina reminiscent of African double gun cases back in the day. This case is really a class act and worthy of carrying a shotgun that cost thousands of dollars.

The price of this class act is surprisingly low. The list price is \$145.80. With just a couple of clicks, I found several sites pushing closer to \$100 and after a few minutes, found two sites under \$100, delivered. You can also get the Leatherlock™ Takedown Shotgun Case in a lighter color or with a canvas finish.

Turning to another subject, while on vacation recently I stopped by a Wal-Mart in Florida (I forgot my bathing suit) and while there, checked out the ammo situation. The display was nicely filled with just about every centerfire round that you'd expect in a big box store. While not all brands were represented in every chambering, the stock was fairly complete. The rimfire story was different: All I saw were 10 boxes each of 22 Magnum and 22 CB Shorts. There was not a single round of 22LR. While centerfire ammunition seems to have stabilized, the 22LR situation continues.

IHMSA Bulletin Board

SANCTION FEE NOTICE

Please make every attempt to send in your Sanction Fees promptly as the Sanction Fees help us pay for the printing of the Match Results.

Infrequently we have a club(s) that does not remit sanction fees for a match held. We understand club officers are busy, so we just send a gentle reminder. Still failing to receive the fees, a second notice is forwarded.

A final notice is sent if fees are still delinquent. After the final notice, the match dates will be deleted from the match schedule and the club's sanction will be withdrawn until the fees are received.

IHMSA Headquarters has changed. Headquarters has been split into 2 locations:

For all Membership renewals, Membership information and Financial functions, Please send to:

**IHMSA Inc.
3061 Sand Hill Road
Bismarck, ND 58503-6437**

For Match results, Sanction fees, match package orders, Etc Along with anything for the IHMSA News, Please send to:

**IHMSA Editor
ATTN: Daniel Hagerty
971 Mocho Street
Livermore, CA 94550**

NOTE FROM THE EDITOR:

Due to the Loss of My computer (which also wiped out my backup drive), This is why the IHMSA News is soo late. All files have been rebuilt from scratch but I may have missed something. Hopefully now I can get back on track.

The Following Rule change was approved during the 2016 meetings. This is a wording change only!

I.H.M.S.A. rule changes for "2016 IHMSA OFFICAL RULES" on page 11

Section VI: Handguns – A. Production 12

- A) Sear engagement surfaces of the hammer and trigger may be smoothed and then rehardened.**
- B) Within the trigger / hammer assembly, springs from any manufacturer may be used to replace original springs, provided they are a catalogue item and made specifically for the make of handgun to which they are fitted.**

IHMSA Annual Delegates Meeting 2015

The meeting was called to order by President Nancy LaCroix at 8:07 PM in the club house of the Los Angeles Gun Club.

With 18 members present, it was determined that a quorum was not present. The Secretary/Treasurer said the meeting could be held but not have any binding votes according to the bylaws. Mr. LaCroix made a motion that we dispense with the quorum. Jared Richards seconded. The motion passed unanimously.

A motion was made by Mr. Dell Taylor to dispense with the reading of the minutes of the Meeting from 2014 as they were previously published in the *IHMSA News*. The motion was seconded by Mr. Ken LaCroix. The motion passed unanimously.

President's Report – Nancy LaCroix

- The current registrations for the 2015 World Championships show that 470 guns will be shot by 60 shooters.
- At this point, there are 1379 members of IHMSA.
- The Board passed that all shooters will continue to get a trophy during the World Championships however there will be a box to check during pre-registration to not get a plaque as some do not want the plaque.
- The Board passed a resolution that any industry supporter will be sent a printed copy of the *IHMSA News* once a year to keep the Association's name in front of the supporters.
- The Board passed a resolution that \$1000 plus the proceeds of the Pelican Cases silent auction be allocated to help cover the costs for the chairman of the Industry Relations committee to attend the SHOT show. This is in line with what has been done for several years to help defray the costs of the Industry Relations chair to represent the IHMSA at the SHOT show. John Richards will take over as chairman of the Industry Relations committee. Steve Martens will also be attending the SHOT Show.
- 2015 World Championships
 - A bid has been received from the Oklahoma City Gun Club.
 - The proposed dates are 15 – 22 July 2016.
 - The Board is awaiting a proposal of the expected costs before accepting the bid.
 - Ft. Stockton is an alternative location.
- A two year trial of a 500 meter Big Bore match has been approved by the Board.
 - This can be a press release for the SHOT show which should interest the Industry.
 - IHMSA is currently looking at the ranges that can support the match.
 - As a side note, members should contact other ranges that have ceased to offer matches to see if they still have targets that could be passed along to ranges that want to start shooting silhouettes.
 - One of the rules will be that these 500 meter categories are always an optional match.
 - Though only a rather small group has shot the 1000 yard match in Sundance, the match has received publicity. IHMSA may be able to get some similar publicity.
 - It was brought up that IHMSA might get more publicity for offering cowboy rifle as a category. There are large number of participants. This is often offered at matches, but IHMSA does not get sanction fees from it. The incoming president, Steve Martens, would like to hear any proposal on that.
- The LASC shotgun range mentioned that they are doing their memberships on a monthly basis vs. an annual membership. The range is able to keep members better this way. This is something that IHMSA could consider. The membership for the LASC shotgun range is a reoccurring charge on the credit card.
 - It could be a challenge keeping up with the member cards.
 - Need to see what kind of work this would be for volunteer headquarters.
 - This proposal would mean that someone has to take action to end their membership.

A discussion was held on the idea of having walk on shooters at the World Championships.

- J.R. is going to put together a proposal.
- This would be for people who are not members of IHMSA.
- Like shooters who walk onto a NRA match, the shooters would have to compete in the International class and would have to buy an IHMSA membership.
- IHMSA would want to think of ways to get them to continue their membership once the year has expired.

Physically Challenged (PC) Program Report – Cindy Smith

- No one has contacted Ms. Smith for a physically challenged (PC) card this year. Therefore, no PC cards have been issued this year.

Vice President's Report – Dave Smith

- The TV program *Shooting USA* was invited to this World Championship, but they wanted something closer to their locale.

Secretary/Treasurer Report – Warren Alkire

- Nothing to report.

Region 1 Report

- Allan Olsen, the Region 1 director, was unable to attend the World Championships, so there was no Region 1 report.

Region 2 Report – Allen Gaskin, Director

- Allen Gaskin, the Region 2 director, was unable to attend the World Championships, so there was no Region 2 report.

Region 3 Report – Brian Gildea, Director

- Region 3 has gotten a range back in Indiana. This is the Knox club.
- The region is giving away an Anschutz clone at the East Coast Championships for new shooters that have signed up in the region this year.
- If the IHMSA considered offering a small scholarship to students, this might help interest some of the younger people. For Mr. Gildea's daughter, mention of IHMSA on some scholarship applications gave an opportunity to discuss IHMSA in school settings.
- Everyone was invited to attend the East Coast Championships.

Region 4 Report – Jim Fields, Director

- Jim Fields, the Region 4 director, was unable to attend the World Championships, so there was no Region 4 report.

Region 5 Report – Ken LaCroix, Director

- No new ranges in the region, but none were lost which is positive.
- There is someone who will likely step into the director's position when Mr. LaCroix steps down. Mr. LaCroix has been Region 5 director for many years dating back to when Elgin Gates was president of IHMSA.
- The region has experienced many shooters that only shoot locally, but don't join because they don't shoot at other matches.

Region 6 and Evaluation Report – Dell Taylor, Director

- Hawaii is having matches but all the shooters are seniors.
- Still have matches in Arizona.
- Utah has no ranges.
- Idaho down to 1 range (lost one range), but the last match was 82 guns and a number were lever action rifle which is an illustration of the point made earlier about lever action rifles.
- Nothing in Guam in years.
- Nevada has its own little enclave that keeps shooting.

Region 7 Report – Joe Cullison, Director

- There is nothing that prevents the match director from sending in a sanction fee for lever guns.
- The region is steady, some ranges in Oregon are dwindling a bit.
- Washington has a few, faithful shooters. Lot of rifle shooters – not many shooting IHMSA.

Region 8 Report – Dave Smith, Director

- Lost shooters and gained shooters.
- Doing what they can to promote it
- North Dakota range that was just coming up last year is now going strong.

Australian Director – Russell Mowles

- Sporting Shooters Australia Association wants IHMSA, Australia to come into the Association under the SSAA umbrella.
 - There will be a vote at the Australian National Championships regarding folding IHMSA, Australia into the SSAA.
 - Little will change other than funding. IHMSA, Australia can no longer afford to send teams to the World Championships.
 - Expect under SSAA that at least some funding will continue to send an Australian team to the World Championships.
- The Australian National Championships will be the 35th anniversary match and will be in the national capitol. This should be a good match.

Brazil Report – Don Fraiser, Director

- Don Fraiser, the Brazilian Director, was not at the Delegate's meeting, so there was no Brazil report.

Paraguay Report.

- The Paraguayan Director was not at the Delegate's meeting, so there was no Paraguay report.

New Business

- There was a discussion about the disappointment in the lack of participation in the Los Angeles World Championships from other regions. This was especially true for Region 4 which was the host for the last World Championships.
- The IHMSA Board needs shooter comments on the practical hunter categories and the rules. The desire is to finalize the rules and have them printed in the rule books for 2016.
- Jim Kesser mentioned a proposal to change the World Championships to a 60 round match.
 - There has been resistance in the past, but there may now be less resistance.
 - With the number of categories, there is less reason to feel that someone drove a long way and only got to shoot 2 40 round matches.
 - A 60 round match may allow people to shoot more guns in fewer days.
 - The big advantage may be the ability to shorten the duration of the World Championships.
 - This is something to consider with the current numbers of shooters.

A motion was made by Dell Taylor to adjourn. The motion was seconded by John Richards. The motion passed unanimously. The meeting was adjourned at 8:57 PM.

IHMSA Board of Directors Meeting 2015
11 July 2015

Present.: Nancy LaCroix (President), Dave Smith (Vice President), Warren Alkire (Secretary/Treasurer), Kenneth LaCroix (Region 5 Director), Dell Taylor (Region 6 Director), Joe Cullison (Region 7 Director), Don Frasier (Brazil Director), Russell Mowles (Australia Director), Cindy Smith (Physically Challenged Manager and Headquarters), Dan Hagerty (Newsletter Editor), Steve Martens (President elect), John Richards (Industry Relations).

1. The meeting was called to order at 7:05 PM Pacific Daylight Time by Ms. LaCroix.
2. President's report
 - a. As of today, IHMSA Membership is 1579. This is an increase of about 100 memberships in the last six months.
 - b. As of 11 July 2015 there are 56 shooters and 410 entries for the World Championships
 - c. President's award nominations are requested in writing to Ms. LaCroix by 8:00 am 13 July 2015. The person's name and a paragraph about the reason for the award should be submitted.
 - d. Sierra Sportsman's award nominations should be delivered in writing to Ms. LaCroix by 8:00am 13 July 2015. This award is to honor individuals/persons who go above the call of duty to ensure a successful World Championship.
3. Newsletter Editor's report – Dan Hagerty
 - a. Have had some challenges in delivery of the primarily electronic newsletter.
 - b. Working on trying to get mailing lists and email lists.
 - c. Challenge getting match reports.
 - i. They come in multiple formats.
 - ii. Some clubs send all reports at the same time instead of as the matches occur.
 - iii. Trying to come up with a format that will make it easier for the match directors as well as the newsletter editor.
 - iv. Working on getting all the forms in electronic format. Ms. Cindy Smith pointed out that they are online. Right now they are in one file and the desire is to get each individual form available electronically.
 - v. Working on getting the list of non-U.S. shooters ready.
 1. Currently, the *IHMSA News* should be sent to the Brazilian Director who will then forward to the members. There was a discussion of which are the current members. Mr. Fraiser and Ms. Smith will work on this issue after the meeting.
 - d. Trying to get the newsletter back to more news and information. Jim Harris has given his permission to reuse any articles from the old Silhouette Report.
 - e. The regional directors should work with the match directors to get the match reports in a timely manner. For instance, Mr. Hagerty has not received any reports from Region 1 since January.
 - f. There was a discussion of getting the membership and email lists up to date. Ms. Smith and Mr. Hagerty have been working on a system, but it may not be totally up to date until a full renewal cycle has completed.
4. Old Business
 - a. A discussion on the proposal which was passed last year to offer to old members (e.g. a member from the last 5 years) a one year, free limited membership. This did not get implemented, so it is getting addressed again.
 - i. Ms. Smith and Ms. LaCroix have worked on producing a list of these users that needs to be reviewed with Mr. Martens.
 - ii. Though this was passed last year by the Board, several Board members objected to implementing this proposal because of giving away free memberships.
5. New Business
 - a. IHMSA Membership – Proposals from Steve Martens of ways to increase the value of an IHMSA membership.
 - i. Dues: have a \$25.00 web edition membership. This would keep the membership with the printed edition of *IHMSA News* at \$50.00.
 - ii. This could also be tied to requiring authentication to get the *IHMSA News* from the web site. This way, the newsletter is a member benefit and not free to anyone who is not a member.
 - iii. Many on the Board thought that the membership should be reduced to no more than \$35.
 - iv. After discussion, more information is needed to decide on implementation.
 - b. Send printed copies of the *IHMSA News* to Industry manufacturers, magazines and writers once a year to keep the *IHMSA News* out in front of them.
 - i. Mr. LaCroix made a motion and Mr. Cullison seconded that we send a printed copies of *IHMSA News* to any business that donates at least \$100 worth of door prizes.
 - ii. The motion passed with only 1 objection.
 - c. Ad Rates
 - i. Review ad rates. Perhaps have one rate for web only that is cheaper and one rate for printed *IHMSA News* that is the traditional price.
 - ii. Talk to Jeff Bell to see if it is possible to have the advertisers' ads appear next to the corresponding web pages.
 - d. Suggest that all renewals come due one time
 - i. There is concern about the time demands placed on Headquarters for that one month.
 - ii. Since this will be a larger burden for an all volunteer headquarters, perhaps there should be some compensation to headquarters personnel for that one month.
 - iii. Need to decide what to do with new members.
 1. One rate up to World Championships and a smaller amount for the rest of the year.
 2. Perhaps a larger amount that will be the remainder of this year plus the following year.
 - iv. Ms. Smith will need to do some research to determine if it is possible to do this during one month. Ms. Smith will get back to Mr. Martens.
 - e. Update the Life membership listing. Some members may be deceased.

- i. There was some discussion of how to do this among the Board.
- ii. Ms. Smith said there is now the ability to review on a web site.
- f. Mr. Martens proposed a two year trial on the 500 meter Big Bore silhouette.
 - i. This will be good for promotional purposes with manufacturers and some of the gun writers.
 - ii. Can't get the major magazines to write an article unless IHMSA places a full page ad. Since we don't have the money to afford a full page ad, not much has been written about handgun silhouette in the gun press recently.
 - iii. Mr. LaCroix made a motion for a 2 year trial of 500 meter Unlimited and Unlimited Any sight. Mr. Cullison seconded. The motion passed unanimously.
- g. Mr. Martens said that Bob Baker from Freedom Arms are willing to come up with an annual revolver trophy based on the revolver shooters throughout the year. Mr. Martens will inform the Board of what is worked out regarding the details of what the award is as well as the criteria for the award. A certificate signed by the President and Mr. Baker and possibly a little something from Freedom Arms are likely options.
- h. Mr. Martens suggested checking with Mr. Taylor regarding the proposal for Sierra and Starline to provide shirts to the members of the team representing the USA.
- i. Tusco Range and targets.
 - i. IHMSA needs to discuss with the Tusco club to either pull the IHMSA targets or pay for the targets. A value would need to be determined for the targets if the option is to charge the club for them.
 - ii. If the targets are pulled from Tusco, they should go to Ft. Stockton.
 1. There will be transportation costs.
 2. It is likely that Ft. Stockton would install the big bore auto reset without charging IHMSA.
- j. Remaking of the Membership card. The Board looked as an example from the Australian Membership Card.
- k. Discussion of the probable change of the affiliation for the Australian shooters.
 - i. The affiliation would change to Sport Shooters Association of Australia (SSAA).
 - ii. There will be a discipline chairman which would initially be Mr. Mowles and that chairman would serve as the IHMSA Board Member from Australia.
 - iii. The discipline will be called "IHMSA".
 - iv. IHMSA will need to reply to the SSAA letter granting the change of affiliation.
- l. Discussion of giving the trophy plaque for all shooters that attend the World Championships.
 - i. The current process was implemented as a cost saving measure since everyone was usually getting at least 1 trophy per shooter and this reduced it to 1 plaque.
 - ii. The current situation is a bit like kids leagues where everyone is getting a trophy.
 - iii. Some are not interested in another plaque
 - iv. Mr. Fraiser made a motion that we continue to have a plaque per shooter. Mr. Mowles seconded.
 1. Mr. LaCroix proposed that the motion be amended to allow shooters during registration to indicate that they did not want the trophy and the registration fee will be reduced accordingly. Mr. Cullison seconded the amendment. Mr. Fraiser accepted the amendment to the motion.
 2. The motion passed unanimously.
- m. World Championship Committee.
 - i. Members would include the local liaison for the current World Championships and the local liaison for the club that is awarded the next World Championships along with the President and Industry Relations Chair.
 - ii. The President will be the chair of the committee.
 - iii. The idea is to give continuity from year to year in putting on the World Championships.
 - iv. Mr. Martens will write a job description for the committee and get back to the Board.
- n. Revise the pre-registration process and the software for managing the World Championships.
 - i. The current software is 20 years old and does not support Practical Hunter.
 - ii. Pre-registration will allow the scheduling of shooters times and categories as well as being able to specify no trophies.
 - iii. Discussion tended to be that a new program is needed. People that have been involved with doing the Stat House for the World Championships should be involved in defining the requirements.
- o. The Board received a bid from the OKC Gun Club to hold the World Championships 15 – 22 July 2015. A final decision on accepting the bid will be tabled until information about the costs can be received.
- p. Mr. Taylor made a motion to give the chairman of the Industry Relations \$1000 plus the proceeds from the silent auction for the Pelican cases toward the expenses of attending the SHOT Show. Mr. Smith seconded. Discussion included the point that this would not completely cover the costs of representing IHMSA as the SHOT show. The motion passed.
6. Mr. LaCroix moved that Dell Taylor serve as the nominations officer for the upcoming year. Mr. Fraiser seconded. The motion passed unanimously.
7. The Board appointed Dell Taylor, Dave Smith and Joe Cullison to serve as the Protest Committee for the 2015 World Championships.
8. The meeting was adjourned at 9:18 pm.

RECORDS PROGRAM

MARKSMANSHIP COMPETITIONS

The Burris cup:

Scoped .22 Long rifle caliber Handguns only. Your best 5-shot group at 100 yards or meters. Guns may be bench rested over any solid rest as long as the gun is not in a ransom rest, vise or any other mechanical clamping device. Lying on your back in a freestyle position and piling sandbags by your body for support is legal. This will allow scoped guns setup for Creedmoor to better compete.

The Weaver Trophy:

Scoped centerfire handguns. Your best 5-shot group at 100 yards or meters. Guns may be bench rested over any solid rest as long as the gun is not in a ransom rest, vise or any other mechanical clamping device. Lying on your back in a freestyle position and piling sandbags by your body for support is legal. This will allow scoped guns setup for Creedmoor to better compete.

The Merit Challenge:

Centerfire handguns with iron/open sights. Your best 5-shot group at 100 Yards or Meters. Groups must be fired from an IHMSA legal position. No benchrest or artificial support allowed.

The Daisy Avanti Trophy:

AIR production guns with iron/open sights. Your best 5-shot group at 18 Yards. Groups must be fired from an IHMSA legal position. No benchrest or artificial support allowed.

General Rules:

All entries must be shot with IHMSA legal guns. Production, Revolver, and Unlimited guns are allowed in the Burris, Weaver and Merit classes.

Witness:

Winning groups must be witnessed by an IHMSA or NRA member. Eligible winning targets must be signed and dated by the shooter and witness. Also, please include the shooters IHMSA number and the witness's IHMSA or NRA number by their name. A witness is not required to enter but is required to win.

Targets:

Targets submitted must contain no more and no less than 5 shots in each bull zone.

Field Pistol Records Program

By Al Kuenn

06-15-16

Joe Cullison got out to shoot some Field Pistol and had a great day. Joe describes it well --

"I made it out to shoot some Field Pistol on June 5th. Had a pretty good day, Started off great in Production with 29 of the first 30. Ended up with a P-36.

Started off PAS exactly the same with 29 of the first 30, but this time I ended up with a nice 39.

Not too bad for my home swaged, 22 rimfire jacketed, 65gr lead tip bullets from my Hornets."

Great shooting Joe! Those homemade bullets obviously work pretty well!

Shoot well and shoot often.

Send your scores to Al Kuenn, 5725 E Peak View Rd, Cave Creek, Arizona 85331 or e-mail to:

allank@cox.net.

Big Bore Records Program (BBRP)

By
Joe Cullison

A great month for the program, excellent scores are coming in from multiple people. I also misplaced a couple of scores for a while, so those are included also.

Doug Edney (PA) shot a S-24 and a US-37 to make the Standing Agg 60+ club. Doug raises his standing agg by one point.

Jim Kesser (OH) shot a S-31, R-37, P-40, U-40 and a US-37 to make all 5 categories in a single match. An outstanding accomplishment and gives OH 5 more points toward the state race.

John Richards (MN) shot a S-32 and a US-34 for a Standing agg of 66.

Joe Cullison (OR) raised his standing and standing agg scores with a S-35 and a US-37

Melvin Calliham (SC) shot a S-23, a P-39 and a U-40 for a 100 club score of 102

Paul Habig (NV) shot a S-27, P-38, R-39 and U-40 for a 3-gun 106 and a 4-gun 144

State totals for 2016 are: OH-5, OR-5, GA-3, MN-2, PA-2, NV-2, SC-1

Please bring at least one friend or acquaintance to every match. Together, we can keep IHMSA growing.

Please forgive me if I have left anyone out or made any other errors. Send me the information and I will make it right as soon as I can.

Thank you for your support of the BBRP.

Send entries to:

Joe Cullison, 28988 Berlin Road, Sweet Home, OR 97386 or to jcunclejoe@aol.com. 541-317-8801 evenings

Thank you.

* Converted from a 60 round match

½ and 1/5 Scale Records

By Jim Harris

The season is getting into full swing and the new records show it.

Oklahoma is back in the saddle with a lot of shooters posting in ½ UAS.

Scott Thompson, of Oklahoma is in the lead of the ½ Scale records with three perfect scores so far.

In Michigan, last year's record holder, Steve Soya, entered the 1/5 Scale Records.

Val Shaver posted another 1/5 Scale 40x40 to lead the records in UAS.

Good luck to everyone, and hold those nerves together!

Please send your records to me at harrisgrp@earthlink.net, or my home address: 1567 Bridget Ave., Simi Valley, CA 93065. Or give me a call at (805) 581-0009.

½ Scale UAS (Any Sight)

40-round match

Scott Thompson, OK 3
Charlie Dean, OR 1
Michael Graves, VA 1
Dakota Turk, OK 1
Gary Crews, OK 1
John Anderson, OK 1

1/5 Scale UAS (Any Sight)

40-round match

Val Shaver, NV 3
Paul Habig, NV 2
Jerry Ray, CA 1
Dennis Edwards, CA 1
Steve Soya, MI 1

SmallBore Records program

By Dan Hagerty

A lot of Changes to the program since My last report.

Richard Slaton (AKA: Captain Castration) of AL shot a 102 during the 2016 Georgia state smallbore championships (converted from 60 round match). Ask the Region 3 director how he got the nickname!

Steve Martens of MN (our president) shot a 3-gun Agg of 114, a 4-gun Agg of 153 and a standing Agg of 67 to take the top spots in all of them (S:35, R:39, P:40, U:39, US:32). This was only 2 targets away from the world Record for the 100 and 140 clubs!

Jim Kesser of OH shot a 3-gun agg of 111 and a 4-gun Agg of 148 (S:31, P:40, R:37, U:40). He also shot 6 perfect scores at the match which may be a record, But I have no access to these records.

Mike Slusher of IN shot a 3-gun agg of 109 and a standing Agg of 70 and did it the Hard way! (S:34, US:36, P:39).

Bill Urbank of OH shot a 3-gun Agg of 103 (S:24, P:39, U:40)

Paul Habig of NV added 2 more Revolver scores for a total of 4 this year.

Robert Walker Of GA shot a 3-gun Agg of 105 and a 4-gun Agg of 140 (S:28, P:38, U:39, R:35).

I may have missed some scores, But I will catch them on the next report.

Please send your reports to:

we had a nice comfortable sized crowd for our April match and along with superb weather, some decent scores were shot. David Heintz was able to grab his second leg into UAS-INT using his Ruger Charger. Congrats David. Brother Philip scored his usual 40X40 in Practical Hunter Short Course with his T/C 22 Hornet. I managed to squeeze a 40X40 out of my Unlimited Anschutz. We were also glad to see Richard West and Cliff Johnson shoot with us today. The usual gang of NRA Cowboy silhouette shooters weren't here today. They were in Texas for the State Championship there. Thanks to all those who remained after the match to help pick up the rails and targets.

Weather continues to plague us at Top Shot. For the third match in a row we had rain to contend with. We share this match date with the NRA Cowboy Lever Action gang and it's a good thing we do or I would have again been the only attendee. Two NRA shooters helped keep the line somewhat busy. I fired three guns and the rifle shooters added 6 more scores.

A small but dedicated group of shooters were on hand for our match today. Longtime member Van Hutches came down from Bossier City to shoot a couple of entries and non-member Bruce Finley came by and fired three guns, as did I. Van let a UAS 40X40 slip away, barely missing his 8th ram. Bruce had two new handguns to try, an Exemplar in UAS and a Ruger 22/45 in Production. He also fired a Smallbore Cowboy Rifle entry. I'm still trying to dial in my newest iron sighted High Standard in Practical Hunter and ended with a decent 34X40. All the scores are as follows.

SMALLBORE RESULTS

P/INT	Van Hutches	T/C Contender	23

TOP SHOT SILHOUETTE

QUITMAN, LA

May 21, 2016

BY: CHARLIE BRAUD

This Saturday we had our best turnout since we began conducting matches here at Top Shot last October. Seven shooters completed a total of eleven entries if you include the NRA Cowboy Rifle shooters. IHMSA Region Two Director Allen Gaskin made his first appearance here and fired a couple of entries. In Unlimited he used his 7BR Defiance for a 39X40. Then with his BF 270 Max he managed to topple 36. Will Kirste, using a custom fast twist XP in 221 Fireball, hit all 40 animals in UAS but lost a single ram with a good center hit. I was spotting for him and the ram swayed but didn't fall. Brother Philip was with us today and also scored 39 in UAS although he hit all 40 with his XP in 300 Whisper. His "miss" was the result of a late shot on a

pig. He then re-entered UAS with his MGM Contender 223 to get some sight settings for a new load. The result was a 34 with several hit targets that didn't fall. I attempted UAS Half Scale with cast bullets and could only manage a 30X40. In Unlimited with my XP 7BR and cast I did a little better with a final tally of 35X40. I'm sorry to admit that I was so tired from setting targets and running the match that I neglected to get the scores of the NRA Rifle shooters. Thanks to all who attended today.

SALINE CREEK SILHOUETTE GOLDONNA, LA May 22, 2016

BY: CHARLIE BRAUD

We had a great turnout for our May match at our small range with five shooters posting eleven entries.

My brother Philip was the first gun on the line today. His Ruger Charger yielded a 40X40 in UAS. Allen Gaskin fired three guns. In the Revolver category his Freedom Arms delivered a 32X40. Then using his Anschutz in Unlimited his score was 37X40. His BF Production gun gave him problems and the result was a DNF. Will Kirste shot a UAS 32X40 with an Anschutz. His wife Brenda then stepped up and bested him with a 34X40 in UAS. Non-Member Bruce Finley used an Anschutz in UAS to post a score of 36X40. I fired the only Practical Hunter entry using an iron sighted High Standard Trophy and managed a 33X40. I tried the NRA Smallbore Cowboy Rifle game using an old Remington 550 and squeaked out a 23X40. I did manage to clean the last bank of rams. Bruce Finley showed me how the rifle game is supposed to be played posting a 39X40 with his Marlin 39. His only miss was a pig with the shot going just under the belly. In NRA Hunter Pistol Bruce used a scoped Ruger Charger and finished with a very respectable 32X40. Many thanks go to my cousin Lanny for showing up at lunchtime and providing us with home cooked barbeque pork ribs and also chipped beef sandwiches. It was awesome and everyone enjoyed and appreciated it. Thanks also to Bruce, Brenda, and Will for staying till the end to help me pick up the targets.

Cherokee Gun Club Gainesville, Ga.

We had great weather for our April match. A bit chilly for some tastes but overall a real nice day. Herb Dalton called the line for the first half of the day, and it was great as it gave me a chance to shoot. Twenty two shooters toed the line and put forth their best effort. Perhaps the wind got in the way of those wanting to shoot that perfect score. Many came close with several 39x40 and 38x40s turned in.

Jonathan Moore had a good day on the Field Pistol Targets. With his Smith and Wesson Revolver he shot a 30x40 in Production class and a 29x40

in Production Any sight class. With his Production entry he got a match leg into International class. Melvin Calliham also did well on the same targets; he shot a 32x40 in Production and a 29x40 in Production Any Sight. Great shooting gents!

Kurt Terry got a match leg in Field Pistol Production and his wife Amy got a match leg in Smallbore Unlimited Any sight.

The most important competition of the day occurred at lunch. In addition to the venison burritos we had for lunch we had also prepared three yellow cakes with chocolate icing. One cake was a Pillsbury product another was by Duncan Hines and the last by Betty Crocker. I did my best to follow manufacturer directions to keep the playing field level. The shooters were asked to try each of the cakes and select their favorite. Like load development or selecting the best ammo for your smallbore gun we want impartial results. Betty Crocker got ten votes, Duncan Hines got six and Pillsbury got two. So at least on our range Betty Crocker is the shooter's favorite.

Next month we will be hosting the Georgia State match. We will be shooting on May 5th, 6th and 7th. As usual that will have the 200yd range closed during those times. Sorry for the inconvenience. It will be a 60 round match instead of the usual 40. So if you are coming bring plenty of ammo and a good set of eyes.

SOUTH CAROLINA

Black Creek Gun Club
Patrick, South Carolina
August 7 & 8, 2015
by Donald Camus

We decided to start the Field Pistol and Practical Hunter State Championship on Friday since 5 guns were required for the whole match. It took a while to get the targets set and get started but the weekend went very well. On Friday, we had one of our original target setters, Dallas, and Saturday, Gunner and Zack. They all did a great job and were greatly appreciated.

There were 6 shooters who competed for the Field Pistol championship and 4 for the Practical Hunter with some partial entries and several other categories since we had all of the targets set. A total of 11 IHMSA members shot 45 guns and we had a young guest, Aiden (10 years old) shoot 5 guns. Several shooters got a leg up to the next class: Jim got 1 leg up, Marty got 2 and Larry got a leg up in 3 categories - excellent shooting. Marty took the shoot-off in FP-PAS over Don after they each shot 3 chickens at 75 yards. Don ran out of bullets. Henry won the shoot-off for FP-P A over Jim on the Pigs. Thanks to everyone for coming out to make this such an enjoyable event.

Black Creek Gun Club

Patrick, South Carolina

Sept. 11, 12, & 13, 2015

by Donald Camus

The South Carolina Small Bore and Fifth Scale State Championship started a day early to accommodate some shooters who could not stay until Sunday. The weather was good in general, probably the coolest days since the spring with temperatures in the lower 80's. Actually, Sunday morning was quite cool to the point where some were wearing light jackets.

We had a much smaller turnout than expected since several regulars were not able to make it for health reasons. We are hoping that all is going well and we have them back soon. There were just 8 shooters who entered 41 guns. Several scores were 2 classes above the shooter's class and in one case 3 classes up, great shooting Larry and Doug.

Target setters Zack and Mathew did a good job keeping the match moving. That saves us a lot of time and energy. Thanks to everyone who came out to make the weekend such a success.

Shooting steel is better with friends.

----------	------------	--	-----

Oct. 10 & 11, 2015

The South Carolina Big Bore and Half Scale State Championship had very mixed weather. It rained so hard Saturday that it held up the match for more than an hour because we could not see the Turkeys and Rams. For a few minutes we could barely see the Pigs. Once we were able to start, it continued raining for several hours but we still managed to each shoot several guns. As bad as Saturday's weather was, Sunday's was just the opposite, a little cool in the morning but no rain and it warmed up by the afternoon.

Because of the rain, there were a lot of rung targets including Rams, Turkeys, Pigs and even a Half Scale Ram that didn't fall with a center hit. The 8 shooters who braved the weather shot 37 guns with 3 competing for the State Championship and coveted Iron Man awards. Since this was the final State Championship match of the season, the scores are in for the Superman award, the shooter with the highest combined scores from all of the state championships, Small and Big Bores, Fifth and Half Scales and Practical Hunter and Field Pistol.

Without targets setters, I am afraid that Saturday would have been a wash out but our long-time target setters, Dallas and Gunner, did a great job. Thanks to everyone who came out to make the weekend such a success.

Shooting steel is better with friends.

May 14, 2016

We had perfect weather for the match which included a special occasion. Several months ago, a long-time IHMSA shooter and Match Director, Larry Funderburk passed. During this May match, the recently added shelter at the IHMSA range was dedicated to his memory. His wife, Faye, and step-son, Josh, were on hand for the dedication along with several longtime shooters and friends. Several people shared stories featuring Larry's kindness, honesty and dedication to the shooting sports. It was an emotional time with everyone expressing fond memories of Larry over lunch.

We had 10 regular members and 3 Junior members shoot 25 guns. Melvin shot a 40 and Shane a 39 both in BB-U. The Juniors shot their first entries in PH22 with Katie getting an INT class, Kassie a high AAA and Eryn a very respectable AA. Congratulations to everyone. Target setters Gunner and Randy (first timer) did a great job and kept the match moving. Thanks to everyone for coming out to share this time with us . . . Shooting steel is better with friends.

OHIO

Pickaway County Sportsmen Club Circleville, OH 5/14/2016 By Jim Kesser

This was the first real test of the reset targets and they worked wonderfully. We had a great turnout even with cold temps and high winds. We had 15 shooters and 30 entries and we were done by 3:30. The new resets really speed things up and allow the prolific shooters to shoot an extra gun that they might not have done before.

We had some fantastic scores as well. Bill Urbank shot a great 100 club score in small bore with a U:40,P:39 and S:24 for a total of 103. He had good shootoffs as well. I may have to make those shootoffs a little smaller as Gordon lash shot the first ever 40+10 on out new setup. Congrats Gordie! On the field pistol side I decided I like the new resets as well with a 60 club score of 70 with a P:34 and PAS:36. Thank you Brian Gildea, Our region 3 director for bringing back new shooter Bill Williams. Hope we see you every month Bill. Isiah Herron beat his brother Jeremiah by Ram count! They were tied in 36 in UAS. Steve Powell and Bruce Smith both shot 32 in FP-PAS. Bruce had 1 more ram and they both got a leg in AAA! Congrats! I am watching my back.

6/11/2016

Pretty Good match and we got some Bugs ironed out of the reset targets. The competition was very even this month with the classes of shooters. It was nice to see some real head to head competition. Carl Skidmore snagged top honors in FP-P and snuck back into the 60 club with a combined 61. Rich Baird smoked in PAS with a 35 and John Maple said he cannot figure out how he can hit 4 shootoffs and miss big targets. On the 1/5 scale side Rich won the match and Gordon was Cruising till he got to rams. Gordon Made up for it in SB-UAS with a 40+9. And that was the only perfect score for the match. Bob Ochs edged Steve Powell by one shootoff in SB-U, 39+5 to 39+4. Rich Baird shot our first PH-SC and got a 39.

Logan Handgun Association Bellefontaine, OH 3/26/2016 By Steve Powell

We had great weather for our first match of the year with temps in the 60's light wind and around 30 entries for the match. Several good scores shot after the long Ohio winter break with Lynn Schultz firing the only 40 in BB-UAS. Gordon Lash had a close 39 in half size as he continues to tune his 221 fireball. Great shooting guys.

17th April, 2016

By Pete Durrant

Great weather for our first match of 2016, sunny and warm (sorry Steve!)
Attendance was reasonable despite a local Bullseye League final causing a few absences.
Three perfect scores posted, two of them in BB UAS where the resulting shoot offs resulted in Lorena beating her Dad yet again!!

Highlight of the day for me was my 10 year old grandson Ronan shooting through the Small Bore course with the Ruger Charger my daughter and I acquired over the winter, he shot through at the end of the match (using the bipod) and recorded a respectable 16.

Had a few new shooters turn out, now just need a way to persuade them to join IHMSA.

15th May, 2016

By Pete Durrant

Well I don't think we have ever had such lousy weather for our May match, we had a mixture of rain, sleet, snow and ice pellets along with a gusty wind. This likely accounted for the very light turn out of shooters!

Only one perfect score posted for the match so no shoot offs, not had this for a long time, it was close but Lorena let two Rams get away unscathed!!

Good to see Ric Olsen on the line after a long absence.

Looking forward to our traditional Father's Day match in June, hopefully it will be warmer.

REGION 4

KANSAS

**TRI COUNTY ROD & GUN CLUB
LINWOOD, KS,
APRIL 10, 2016
BY BOB CURRY**

Before I do anything else, I want to reiterate the two fundamental rules of silhouette shooting:

- 1) Misses are never the spotter's fault.
- 2) The weather is never the Match Director's fault.

The usual suspects showed up and shot the (mostly) usual guns. Brett Dunlap got his first production 40, using a very high-mileage MOA Maximum in 7br. Bob Doherty and Jack Wade couldn't settle short-range practical hunter until Jack ran out of ammo. They both shot 40 + 10 using half-scale pigs as shootoff targets. They then switched to half-scale turkeys, whereupon Jack hit four with his last 4 bullets for 4x5. Bob was better supplied, and shot 8x10. You decide. I am tired enough of being blamed for the weather. Fred Hornbaker got 40 on the teeny targets, and we had a Spanish-American War reenactment in the military bolt rifle category, with a Krag and a Spanish Mauser tied at 26. *Caramba!*

**TRI COUNTY ROD & GUN CLUB
LINWOOD, KS,
MAY 8, 2016
BY BOB CURRY**

It threatened rain all day, getting darker and darker as the day went on. Still, most of the usual stalwarts stuck it out. We were all glad to see that Chris Dunlap had his bionic arm out of the sling, and was able to shoot a couple of guns. David Glass shot in his first match of the season, and got forty with his cast bullet unlimited gun. I spotted, and there were very few hits out of the central body area. David also won the UASHS shootoff against Bob Doherty. He hit 4x5 on the first bank, and didn't need to shoot a second one. Our halfscale shootoff targets are smallbore-size chickens at 200, and are quite challenging.

It finally poured around 2:00, so Bob and Larry Jackson decided the UAS Int winner with a coin flip, and Larry called it correctly. Then Bob got soaking wet downrange trying to get the targets out. Not really one of his better days.

**TRI COUNTY ROD & GUN CLUB
KANSAS BIGBORE CHAMPIONSHIP
LINWOOD, KS,
JUNE 12, 2016
BY BOB CURRY**

It was blazing hot with very little breeze for the Kansas Bigbore Championship. Once again, I hasten to point out Rule Number Two: The weather is not the match director's fault. In fact, the match director is pleased to announce that he suffered from the heat just as much as any of you other yahoos. It was only after a cool shower and several cool beverages that he was able to produce this report.

The traditional four-gun aggregate was won by Brett Dunlap. He did it the hard way: The MOA served for production and unlimited, and a Ruger .44 magnum took care of revolver and standing. Bob Curry won the standing aggregate, and David Glass the half-scale aggregate. Bob Doherty won the long range practical hunter event. Jim Luke won cowboy rifle with a Marlin 30-30, and Bob Curry won the military bolt rifle event with a Krag carbine.

Next month, the field pistol and smallbore events will again be in play. Hope to see you there.

OKLAHOMA

November 1st, 2015
By Jim Fields
OKC Gun Club

We had a total of 37 entries for our November match, not bad turn-out for the last match of 2015, & the weather wasn't bad for this time of year in Oklahoma, a little windy but again not too cold..

There were a total of (18) 40x40s shot in this match. This is indeed a lot of perfect scores for a monthly match. See all the results below.

During the coming winter we are going to install an auto-reset target system on our 500 meter range. After this project is complete, our entire big-bore targets will be auto-reset from 50 meters all the way out to 500 meters. The 500 meter course will be an IHMSA sanctioned event starting the 2016 season

Thanks to everyone who helped with our match, you are appreciated & especially our target setters.

That's about it for now, so shoot safe, shoot straight & the good Lord willing, see you next year, March 3rd, 2016 to be exact.

4/3/2016

Our April 3rd match was ushered in with temperatures in the low 70's & very windy conditions, which made for a testy day at the silhouette range, however we had a fairly good turnout despite the wind, with 44 entries.

There were ten (10) 40x40's shot in this match; Jackie Brown (1) in UAS-Int. SB, Jim Fields (1) in UASFS-Int. SB, Scott Thompson (2) UASHS-Int. BB & U-SBINT, John Blue (2) UAS-Int. BB & UASHS-Int. Jack Tessman (1) UAS-INT. BB

Dakota Turk (1) UAS-Int BB & Josh Delso (1) UAS-AM-BB & Don Klein (1) UASINT BB. Josh Delso is one of our new shooters this year & already has a perfect score in UAS-BB, our hats are off to you Josh. Another new shooter is Randy Rannberg who shot a 38x40 in UAS-SB, great shooting Randy. Randy & Josh wound up in a shoot-off in UAS-SB, both had 38x40's. Randy is the match director of the BPCR division here at our club. Welcome to both of you to IHMSA competition.

Our practical hunter category is a great way to introduce a new shooter to our sport, so think who you might want to introduce to the most exciting shooting sport in the world.

Our new 500 meter range is now complete with our new auto-rest targets from 200 meters to 500 meters, this was a 7-month project & was very labor intensive & expensive. I would like to thank every-one who worked on this winter-long project it will be very useful not only for our sport but also the black powder cartridge division as well, it was a group effort. Again, as most of you know, our HMSA World Championship is scheduled at our club for July 5th thru the 22nd, so make plans for that one for sure.

We appreciate all of our out-of-state shooters for attending our monthly matches, thank you very much.

Thanks to our target setters who, as usual, did a great job as well as those who helped in the stat house with our noon meal.

5/1/2016

Our May match was greeted with mild temperatures; wind conditions weren't too bad as some very good scores were shot. A total of eight 40x40s were fired during the course of this match, down some but still not bad.

Ryan Schuff (1) UAS-SB, Jackie Brown (1) UAS-BB; Jack Tessman (1) UAS-BB Steven Crews (1) in UAS-SB, Ryan Schuff won the shoot-off in UAS-SB with 7x10 1/5 scale chickens a 100 yards. Scott Thompson (2) in BB 1/2 scale plus a re entry in 1/2 scale BB. Jim Fields (1) in UAS-SB,

John Anderson (1) 1/2 scale BB with 9 shoot-off targets to win that shoot-off.
 Jim Meyers shot his first match in UAS-SB with a 38x40, great shooting Jim, that's a triple A score, not bad for a first time score; Jim is one of my co-match directors & helps tremendously with all our range duties & was invaluable in the construction of our 500 meter auto re-set project which is now complete.
 Speaking of our 500 meter course of fire, Woody Liddell shot a 21x40 open sight during this match.
 No 40x40's in SB 1/5 scale which was a bit unusual.
 We appreciate all the out-of-state shooters who came to our match, you are welcome to OKC gun club anytime, thanks.
 Also thanks to our target setters who again did a fantastic job & thanks to Debbie Tessman for handling our noon meal.
 Check out all the scores below.
 See you at the next match, shoot straight & shoot safe.

3/5/2016

By Richard Porter

We had really nice weather for this match until after noon when the wind was a factor.

Dale Adams shot a 40 with his .22 in the wind. Only one Golden this month – Raymond shot his first 40 in U-AAA last month followed by his first 40 in UAS-AAA. Four new shooters in February with 2 returning in March.

BIG BORE:

NEVADA

Desert Sportsman's Rifle and Pistol Club **Las Vegas NV - Big Bore** **May 2016** **By Paul Habig**

The Sin City Silhouette Shooters found some new faces and some old ones this month but are still a pretty small group. Sue Redhead has started shooting BB with us and has some work to do but it is a start. Barry Krebs hadn't shot with us for some time but is getting his eye issues worked out and hopes to be shooting more soon as well. I'm still working on some loads my wrist will let me shoot and if Val had been there it may have looked like a real match. Kate Lightsey is loading her own now and moving up some already and Gary D. is shooting well in U-AAA.

Big Bore

UAS-AAA	Barry Krebs	T/C7BR	32
R-C	Kate Lightsey	Rug 44	17
R-C	Sue Redhead	Rug 44	6
U-INT	Paul Habig	BF 6.5 US	40
U-AAA	Gary De Coster	T/C308	32

Small Bore

The Sin City Silhouette Shooters had probably our last day without the heat for awhile, but we live here so we know it's coming. Joe Kennedy shot a US-38 with his T/C in small bore and then, apparently, just to have some fun he shot FP-PAS with a 45 ACP with an aim point. The score may not have showed it but Joe was smiling all the way. Kate Lightsey was also smiling as she shot her Ruger 44 with open sights in both FP categories. Sue Redhead is shooting 40's in UAS so she wants to go back and master PH. 32 ain't bad but you've got some work to do there.

yet Sue. Art Cheshire made it in from Logandale and when he's healthy he's always smiling. Debi Wright is having some knee problems(welcome to the club) so she can't shoot laying down yet and apparently she hasn't "cheated" with that gun in US standing so we'll give her a pass this month. Get Well Deb.

6/19/2016

With Val and Kate out of town and Debi and I on the DL (AGAIN!) The Sin City Silhouette shooters were only able to put 2 guns to the line. Gary D. would have shot 2 guns but his eye would not clear so he quit after a disappointing Revolver score. Our other shooter, Sue Redhead has been doing with with the SB Game. She decided she needed a bigger challenge and she took on the toughest- Big bore Revolver. Shooting a recently purchased Ruger super Blackhawk and borrowed reloads she had a rough day but she is already working the problem and loving the challenge.

BIG BORE:

R-AA	Gary Decoster	RUG44M	27
R-C	Sue Redhead	RUG44M	7

6/26/2016

It was your typical day for the sin city silhouette shooters. Art Cheshire showed up with new loads and no sight settings for FP and it showed. Sue Redhead shot a 36 in PH22 so she wanted a little more challenge than UAS so she shot UASFS. I think she needs a bit more cheatin' time there. Gary Decoster shoot UAS for the first time ever and despite hitting the first ram in the foot he shot into INT class with a 40. Gary has trouble with his vision at times and more scope shooting could be in his future. Joe K. was our no-typical shooter. Joe wasn't feeling well and had an off day. I should have shot US, Maybe I could have beaten him for a change. Joe shot a US-38 a couple of months ago and he's a great shooter and a great person. He won't be down long.

7/24/2016

It was a light turn out for the Sin City Silhouette Shooters but with the temp around 114 it's hard to blame too many people. As a group we are having physical problems as well. Let's just hope Aug is cooler and everyone comes back.

It was kind of a strange day for us. We only had 5 actual 22 scores fired and I fired 4 of them. Debi Wright was cruising to her 2nd leg up in UAS when she got to thinking about that magical 40 and the 37th target jumped up and made her miss. That's what she told me and I'm in

no position to call her a liar. Sue Redhead is fighting mags that won't feed in her Charger and Val shot one target out of sequence to finish with a 38 in UASFS. Val also shot a FP-PAS 21. not his best but better than it has been. Val is not big on "cheatin" with that gun so it's just a grin and chuckle time for him anyway. Thanks to Sue for all the help painting and to Val for helping me pick up at the end. My knees and I both appreciate and need the help.

LASC Match Report
March 12 & 13, 2015
By Jim Harris

I made a bit of a mess of the top shooters category last month – in my text, I was correct in citing high score in Rifle went to Mike Dewey with a nice 31. But in the “Top Rifle Shooter” I erred in adding both JR and Boris as the top dogs. Sorry Mike!

Welcome back to silhouettes – Michael Liechty! Great to have you shooting with us again.

A few people were working out the kinks with new gear. William Brooker was obviously getting sight settings on his Dan Wesson 44 revolver. Hulan Matthies found out that a 2X power scope is not enough for Practical Hunter Short Course. I’m sure both shooters will come be with improved scores next time out.

Boris Sorkin was the top rifle shooter, but I couldn’t tell which score was for match and which for re-run, 33 or 36. Either way, he takes the honors.

Lots of cast bullet interest, especially over on Practical Hunter. Val Shaver shot the top score of 40+5 with cast bullets in the Short Course (IHMSA Field Pistol targets to 100m). Nice shooting Val!

Jerry Ray was match winner in Big Bore with an Unlimited 40+5, and also in Smallbore with a 39 (missed the first chicken!)

Thanks once again to our target setters, the L.A. Young Marines, and their mentors, Joe and Ramon. Great work ethic from these youngsters! Looking forward to seeing everyone at the next match!

**LASC Match Report
April 9 & 10, 2016
By Jim Harris**

Sort of a small turnout this month. Windy weather was probably the culprit. Hopefully better weather coming in May as shooters tune up for the West Coast Championship in Grants Pass, OR, June 21-25. A few more LASC matches before then.

Thanks again to our great target setters and line callers. Special thanks always to Joe and Ramon.

See you all at the May match, the 14 & 15!

**LASC Match Report
July 9 & 10, 2016
By Jim Harris**

Sort of a small turnout this last match. Weather was a little warm, but not excessive. Overall, pleasant conditions for the match.

Most improved has to be Alan Miyamoto and his shooting freestyle. His scores have been coming up and up and he's now getting very competitive.

Jerry Napier had an excellent perfect score in the Practical Hunter Short Course (Pistol Cartridge).

Sorry to see Val Shaver miss his last ram in 1/5 Scale UAS for a 39. Val has three perfect scores for the year so far.

Mike Takaki did very well as the high score in amongst the rifle shooters.

A nice match for the pre-shoulder-surgery Jerry "JR" Ray – winning both the Big Bore and Small Bore competitions.

Big Bore Match Winner – Jerry Ray
Small Bore Match Winner – Jerry Ray

We had our largest match of the year, and it was great to welcome Rick Redd back. He's been missed. & Rick showed that he hasn't lost it winning every entry and taking High Senior. Great shooting Rick!

5/8/2016

On a sad note, we had a couple of casualties. Two shooters now own "silhouette Levis" with nice in and out .22LR holes. Names of the shooters will remain a secret to protect their reputations.

We had one of those "once in a blue moon" events in Field Pistol, a tie for match champion. The tie was between Dave Whitman (INT) and Charlie Dean (AAA). The shoot-off targets were pigs at 100 yards. Charlie rose to the occasion and hit 4x5 taking the title. Charlie also took the SB Revolver title. Paul Hoadley was our US champion. Walt was a bit disappointed in his rifle scores, but there is always next month!

Thanks to Dave, Charlie, Rick, Paul, & Walt for helping to set up and tear down the range and clean the office.

It was another good turnout. Thanks again to our supportive travelers! Joe Cullison had a stellar day taking the Big Bore Production, Revolver, Standing and Unlimited Standing titles and earning entries in the 3 and 4 Gun 140 Clubs and Standing 60+ Club.

Rick Redd was our UAS champion and Charlie Dean took the Unlimited and Unlimited Half Scale Any Sight titles as well as High Senior.

Charlie's Unlimited score was our only iron sighted 40. Note, we had 3 39's in UASHS. Dave Whitman left early without shooting shoot-offs and Rick Redd decided not to as it was late in the day.

Thanks to Dave, Charlie, Paul, Rick & Rich for helping to set up and tear down the range.

It looked like attendance was going to be pretty sparse at the beginning of the morning, but we ended up with a good crowd! It was great to have Doug Hockinson back. He has been missed. Doug took the Field Pistol Production title. Paul Hoadley took the Production Any Sight championship.

Rich Burket came with his Remington and Martini rifles. He missed his goal of shooting 30's but came close.

Over on the Fifth Scale discipline, Dave Whitman took the Any Sight title and Rick Redd was the Unlimited champion.

Joe Cullison shot his usual outstanding scores. He took the Standing, Unlimited Standing & Production titles and shot entries into the President's 3 Gun and Standing Aggregate Clubs.

Charlie Dean took the Unlimited and Revolver titles as well as High Senior.

Thanks to Dave, Paul, Charlie, Rick, and Joe for helping to set up and tear down the range.

One of the good things about IHSMA AIR is that it doesn't take many entries to pay expenses and make a small profit. Thanks to Frank, Ron & Tom for helping to set up and tear down the range.

Gordy took the UAS discipline and was our High Senior. Ron shot a great 32 in US to take that title. Tom & I were unchallenged.

5/28-29/2016**

This Memorial Day weekend we held our normal 4th Saturday Air Pistol match, but our Big Bore match was moved to the 5th Sunday due to scheduling issues at the range. So, we had 2 matches back to back, and I decided for simplicity's sake to combine them into one report. On the Air Pistol side, Barbara Rodriguez was High Lady and Standing champion

kicking my butt! Ron Silveira took the UAS title, and Frank Kodl was the UAS champion and High Senior.

We enjoyed the company of Harry Sharp and his grandson Joshua Ferri at our Big Bore match on Sunday. Joshua took the Practical Hunter Long Course title and was High Junior. He shot a very nice 35. Joe Cullison cleaned up on the Big Bore side of things. He took the Production, Standing, and Unlimited Standing titles and won Revolver in a shoot-off with Harry Sharp both tied at 38. He gained additional entries into the President's 60+ Standing Aggregate, 3 Gun 100 Aggregate, and 4 Gun 140 Aggregate Clubs as well.

Doug Hockinson was our Big Bore Unlimited champion beating Charlie Dean by reverse animal count. His score also moved him to AAA class. Great shooting Doug!

Over on the Half Scale side, Charlie took the UAS title with a 40 and Harry took the iron sight title with a 39. Both scores were great; so, I decided that they should share the High Senior title for the match.

Thanks to Barbara, Ron & Frank for helping to set up and tear down the air pistol range and to Joe, Charlie, Paul, and Dave for helping to set up and tear down the Big Bore range.

Tom shot UAS for the first time since knee replacement. It was somewhat difficult bending his knee, but he shot well enough to take the championship and High Senior as well as the USIS title. Frank was using a new scope & still needs to refine settings a bit. Ron met his goal of shooting into the 30's in US taking that title. One thing was constant. Chickens gave several of us trouble.

Thanks to Tom, Ron & Frank for helping to set up and tear down the range.

Two virus seemed to infect our shooters today. The Failure to Shoot Well Standing virus (except for Joe Cullison of course) and the Shoot Out of Order/Cross Fire virus. Thus, several scores were lower than normal.

Doug Hockinson was our FP-P champion and Dave Whitman took the PAS title. Rich Burket is not happy with his 310 Cadet and continues to search for the right load.

On the Small Bore side of thing, Dave Whitman took the Production title by 1 target as well as the UASFS title. Mr. Standing (Joe Cullison) took the S & US titles and shot entries into the Standing, 3 Gun and 4 Gun Aggregate Clubs. Rick Redd took the U & UAS titles and High Senior.

Charlie Dean and Joe tied in Revolver, and Charlie took that title 2x5 targets to Joe's 1x5. Revolver shoot-offs are fun!

Thanks to Charlie, Paul, Dave, Joe & Rick for helping to set up and tear down the range.

__ We had 6 shooters this month put 16 guns across the line. The weather was warm and sunny making it a perfect day to bust some steel. We were missing a couple of our regulars again this month. Hope they find some time to come shoot with us again soon. We had one new shooter, well sort of. Joe Stumpf's brother Larry came out to shoot with us. He had been out a time or two before but it has been several years. This was Dave Chalfant's last match shooting with our club. He has accepted a job in Texas. He says there is a club within about an hour so hopefully he will have time to shoot there. On to the results of the match.

No 40's this month. Vince Leete Posted a nice UASHS-AAA, 36 as well as a P-Int, 36. I managed a R-Int, 36 and a US-AAA, 30. Joe Stumpf posted a R-AA, 25.

In smallbore I posted a U-AAA, 31. Steve Bishop posted a P-AAA,

23 followed by Joe Stumpf with a P-AA, 22. Dave Chalfant posted a S-AAA, 17. Larry Stumpf posted a US-unc, 5 using his brother Joe's Ruger mkII with a red dot sight.

In Field Pistol Vince Leete posted a PAS-AAA, 28. Dave Chalfant posted a very nice P-AAA, 26 Nice shooting guys.

We had two substitute target setters this month as our regular target setters were on vacation for spring break. They

did a fantastic job getting our targets set and said if we ever needed them again to give them a call. It is nice to have

backups available when it comes to target setters. Thanks to all who stayed to help pick up targets after the match.

Until next time shoot straight and be safe.

We had 6 shooters this month put 17 guns across the line. The weather was warm and sunny with temperatures approaching 70 by the end of the match. This match was our last chance to brush up for those going down to the West Coast Championships (WCC) down in Grants Pass Oregon June 21st through 25th.. Several shooter have improved their scores from earlier in the year. On to the results of the match.

Only one 40 this month shot by myself in UHSAS-Int. Joe Stumpf seems to have gotten the Gremlins worked out of

his UAS and UHSAS XP posting a UAS-Int, 38 followed by a UHSAS 29. Turns out the scope base had come loose.

Probably the reason for not holding repeatable settings. Vince Leete got the Gremlins worked out of his Unlimited XP

that he had been having issues with misfires. I suggested he change out the firing pin at the last match. We swapped the firing pin assembly from another XP and problem solved so at this match he had replaced the firing pin spring, no more issues and posted a nice U-AAA, 38. Richard Nicol was close behind with a U-AAA 33. Steve Bishop took the scope off his XP in 7TCU and slapped some open sights on it. With no sight settings he managed his way to an U-AAA, 21. His rear sight was bottomed out and he was still a foot over the chickens so it was by guess and by golly the whole way out. Better get that front sight lowered and some settings worked up for WCC. LOL. Vince Leete posted a P-Int, 36 followed by Richards Nicol's P-AAA, 30. Nice shooting guys. I managed a R-Int, 35. Joe Stumpf posted a R-AA, 30 which is about five animals better than the last few months. About time Joe, Nice shooting.

In smallbore Vince Leete posted an outstanding S-AAA, 25. Al Richards improved greatly and posted S-B, 15 getting a leg into S-A. One more and he would have jump class

In Field Pistol Joe Stumpf posted a PAS-AA, 18 and Al Richards

posted a P-AA, 17. Nice shooting guys.

Our target setters did a fantastic job getting our targets set. Thanks to all who stayed to help pick up targets after the match. Hope to see many of you down at the West Coast Championships. Until next time shoot straight and be safe.

Another fun day of shooting in North Dakota. The winds started at about 18MOH with gusts to 25 and then by the afternoon it was 25MPH gusting to 35. The Gusts were just too much for the shooters, so we ended early. Dedicated shooters from around the state showed up. Want to thank our Canadian friends for coming and joining us.

2016 Georgia state championship
Gainesville Georgia
May 5, 6, and 7
By Ron Dixon

The Georgia State Smallbore, Fifth Scale and Field Pistol Championship for 2016 were held on May 5, 6, and 7th. We were blessed with good weather for the whole event, it might have started a bit cool and windy for the purist, but in reality it was great. Twenty seven shooters came out and fired ninety one entries. I am pleased to thank those who helped prepare the range and help run the match. Larry Davis helped replace some cross ties on which our string pull target systems are mounted. Herb Dalton called the line for the first two days and Ed Munday called it on the third. Dave Chaney donated some items for door prizes and Andrew Wasley helped set and paint targets. Carol Barrett and Pattie Slaton brought cookies and a cake to help keep that sugar rush going, and Chuck Norman and his wife cooked a great spaghetti supper for the shooters on Saturday evening. And most of all let me thank my wife, Sherri, who helped with the whole thing.

Our friend Robert Walker could not make it this year, and his absence opened the door for others to step up and be recognized. We sure missed Robert, and we look forward to his return. Richard Slaton, our Georgia shooter from Alabama, shot really well. He was crowned Champion for many of the events and also won the coveted Three Gun Aggregate. Richard Pickering won the Unlimited Any Sight class after a twenty round shoot off, where he hit ten of the tiny targets. They say the match director his nasty when he sets up the range with three banks of a fifth scale targets at one hundred yards. The first target was a ram followed by a chicken then a pig and then two more chickens. The contest was decided with cold barrels and no sighters. And each of the three shooters had to fire five shots at each of the three banks. It was going to be a fifteen round match but we had a tie between Richard and Stuart Barrett from Alabama. So we invested five more rounds to settle it. Richard came out on top by one target. By the way Stuart got into the shoot off from AA class.

Let me give another thank you to Cherokee Gun Club for letting us hold the match here again this year, and another thanks to the shooters who play our game. This was the first year we were able to use string pull fifth scale targets and that really made the event go faster, and with our fellows keeping the line moving we wound up with plenty of shooting opportunities which means next year there will be room for you on the line. So come on out so we can make new friends.

3 Gun Aggregates (In State)									

2015 Region IV Championships
October 2-3-4 2015
Jim Fields, Match Director
OKC Gun Club

Anyone missing this one missed some great weather, great times with special friends as well as some great food & excellent shooting conditions all three days, a little cool & humid on Saturday morning but not bad overall.

We had a total of 151 entries for this match, about the same as last year.

We had shooters from Kansas, Missouri, Texas, Minnesota as well as Oklahoma & all had a great time shooting steel, telling tales of times gone by & making excuses for missing targets.

We had a total of thirty-one (31) 60x60's shot in this match so everyone had a great time in the shoot-offs.

Those shooting 60x60's in this match were Woody Liddell (3), Jim Fields (3), Ryan Schuff (2) Scott Thompson (2), Bob Doherty (2) John Blue (1) Sean Murray (1) Jack Tessman (2) Steve Martens (2) Jackie Brown (3) Larry Jackson (1) Jack Wade (3) Dakota Turk (2) Chris Dunlap (2) Steven Crews (1) Linda Lanning (1) WOW!!! And check this out, we had a total of seventeen (17) 59x60's!!!!

One of the highlights of our match was Steve Martens from Minnesota, IHMSA's new president, who won the 500 meter side match with another 40x40, in the scope class, his third now at OKCGC, he backed that up with a fine 34x40 in the 500 open sight class as well. Great shooting Steve.

On Thursday, prior to our IHMSA match, We hosted an AR-15 Steel Plate Challenge match which everyone enjoyed & the winners were as follows: SHORT COURSE - 100 to 300 meters - after a shoot-off - Glen Blanton with a 20x20+4. RAPID FIRE - Dan Baily - 20X20 in 36.5 seconds, that's a new record. That is engaging targets at 300 meters, 200 meters, 150 meters & 100 meters in 36.5 seconds!! WOW!! Our LONG RANGE winner, 200 meters, 300 meters, 385 meters & 500 meters, was Glen Blanton with a perfect 20x20. Great shooting guys.

Carroll Pilant came within one target of setting a new record in the rapid fire with a 19x20 in less than 30 seconds. Carroll said with a little practice it can be done in 25 seconds & that my friend would be moving on!! This is a fun match we have hosted for 4 years now.

Linda Lanning from Texas, won high lady in UAS-SB with 60x60+7; she also won high lady in UAS-BB with a 56x60 Great shooting gal!!

Carroll Pilant our Sierra Bullets rep, won the Bordello shoot-out. He also won our long-range lever-gun class, great shooting Carroll & we appreciate you attending our matches very much.

Scott Thompson won the Iron Man award with an eight gun total of 402x480.

Dakota Turk, a new shooter this year won the shoot-off in BB UAS with a 60x60+9 shoot-off targets at 200 meters. He has caught on this sport in a hurry. Great shooting Dakota.

Our high junior smallbore UAS champion was Ryan Schuff my grandson, who shot a fine 59x60 in UAS; high junior in AIR, 60x60; high junior in UASFS 1/5 scale, 58x,60, high junior in BB-UAS 60x60 as well as high junior in 1/2 scale BB, great shooting Ryan..

I'm taking Ryan on a black powder whitetail hunt the end of this month & yes, he's excited to say the least!!

Obviously we need to get more juniors involved in our wonderful sport of silhouette competition.

We had a tremendous amount of door prizes we gave away. I think everyone in attendance won at least one prize.

Our big raffle was for a Frankford Armory tumbler was won by Scott Thompson.

I want to thank some of the companies who donated prizes or gift certificates for this match, Sierra Bullets, Midway USA, Starline Brass, Redding Reloading equipment, Brownell's & Cabela's.

Keep this in mind & mark your calendar, the 2016 IHMSA World Championships will be held here at the Oklahoma City Gun Club July 15th thru the 22nd, so start making plans to attend that one for sure.

Again, our target setters did an excellent job of keeping the match moving smoothly & the office personnel & line crew did an excellent job, you guys are greatly appreciated. Also would like to thank Debbie Tessman for all her hard work feeding everyone each day.

We appreciate all our region IV shooters who travelled from out-of-state to attend this great match.

Thanks also go to the guys from Minnesota, Steve Martens, A. J. Richards & his dad John, we enjoy you guys a lot & thanks for coming down & shooting with us. That's a long trip from Minnesota.

It was good to have Buddy Rhoads come up from Texas again.

See all the match results accompanying this article.

That about sums it up for now, shoot straight, shoot safe, & the good lord willing, I'll see you at the next match.

BB

US RESIDENTS IHMSA MEMBERSHIP APPLICATION

IHMSA membership, with newsletter from the website, is \$35.00. Included with the membership is a member/classification card, a copy of the IHMSA rule book, and one annual (start of year) paper issue of the IHMSA newsletter.

If you want the IHMSA newsletter mailed to you each issue add \$20.00. If you are a life member or not shooting anymore but still want to keep up on the sport the printed newsletter is \$20.00 per year.

For additional IHMSA information please use IHMSA website www.ihmsa.org or contact headquarters. Memberships for your spouse or children (under 18 years of age), are \$10.00 per person per year, and only include the IHMSA member/classification card. Fulltime students over the age of 18 are also \$10.00 per year till they graduate.

Memberships will renew on January 1 each year!

PLEASE PRINT CLEARLY
